Proclamation

Junior Agriculture week Nov. 18 to 24 - 1923

To the boys and girls of Kentucky

The week of Nov 18 to 24 inclusive is hereby set apart and designated as Junior Agriculture week. During this week the boys and girls of rural Kentucky will be requested to join the Junior Agriculture Clubs as conducted by the College of Agriculture of the University of Ky.

I most earnestly urge the boys and girls of Kentucky to become identified with this organization. Know the soil of your land. Learn to love it, Have faith in it

and belief in the dignity of the man and woman who in the great out of doors produces food and clothing for the world

To plow is to pray. To plant seed is to prophesy. To gather the harvest is a fulfillment of love and hope. To produce from the soil is to serve both God and man.

A great enrollment of the boys and girls of Kentucky in the Junior Agriculture Clubs means a better, Stronger half for Kentucky

Given under my hand this 1st day of Nov. in the year of our Lord Nineteen hundred and Twenty three and in the one hundred and thirty second year of the Commonwealth.
