Sir

Bards Town Dec. 12th 1803

I forwarded sometime a go a recommendation for a Major in the room of George Ewing who is promoted, should not the recommendation have come to hand Capt. David Cleaver was the person that the officers of the Regiment wanted Commissioned — The officers of Ohio and Breckenridge Counties wish a division of Colo Cleavers Regiment which includes those Counties I should be glad that they could be accommodated

Dr Sir from the peculiar situation of the people in Brackinridge County I have do doubt of their being very much agreed in having to attend the Regimental musters at as grate a distance as they have at present. in a grate measure being detachd from the other settlements, their numbers I suppose to be about three Hundred or three Hundred and fifty —

Nicholas Miller

I have for some time thought the people in Brackinridge County aught to have a Redgment formd as soon as their numbers would justify the measure it has frequently been mentioned to me by the Inhabitance there of stating the grate Inconveniences of attending the Regimental musters at so grate a distance —
