His Excellency the Governor

To his Excellency the Governor of Kentucky

Your petitioners would respectfully represent that at the last court of appointment, held for the 67th Regt. by Militia all the field and staff officers being absent, and seven officers being a majority off those present, voted for and obtained a division of Sd. 67th Regt. Your petitioners, (some of whom voted for Sd. division But upon consideration being convinced that it will be of great disadvantage to the discipline of Sd. Regt. should said division take place) would represent, that a majority of the officers and men of Sd. Regt. are not in favour of the Regiment being divided

Your petitioners therefore request that that the Regiment may not be divided or if already divided that it may be consolidated and remain as it formerly was

Sir

Having been informed by Lt. Colonel Bomford of the Ordnance Department that you have been instructed to deliver, upon my order, arms to the amount of the balance due this State, and in such proportions of the several kinds, and at such places as may be designated, —

I inclose you a statement designating the proportions of the several kinds of arms, which are preferred, and request that they may be delivered at the mouth of the Kentucky River, at the Ware house of Murdock, who will receive them, and execute the proper receipts, —

You will find in the designation of the kinds of arms extra and incomplete accoutrements are wanted, this is for the purpose of making complete the arms and accoutrements heretofore received, — should it not be practicable to fill each item in the statement the balance will be made up with muskets and accoutrements,

The balance due the State appears to be

One thousand seven hundred and twenty seven Muskets, of which it is presumed you are sufficiently informed —
