Dear Sir

I have taken the liberty of asking the favour of you, to present the enclosed papers to his ~~excellency~~ Gov.r Metcalf, together with the letter of His Prussian Majesty's consul at Philadelphia to me. By it you will perceive it becomes necessary, that the Governor shall certify that the different officers set forth, in their acts are bona fide officers of the Government, & as such will be acknowledged by the Courts in Prussia.

As these foreigners pay particular attention to acts coming from political men, if you would not think it improper, I should hold it as an additional favour to the many you have already conferred on me, if you would write a letter to the consul, (which I will enclose to him) stating your acquaintance with me, of the fact of my having been a member of the Ky Legislature in 29.30 & of my being now a member of the City Council of Louisville. If Gov Metcalfe would not consider it improper, I would hold it as a particular favour, if he would give me the same, to be forwarded

by the Prussian consul to the Minister of Foreign affairs in that country. It would no doubt facilitate my getting the money. If you should send me the afore said letter, please sign your name as Speaker. I would beg of you also to reinclose the whole to me, as soon as possible, as they must reach that country, by a time prescribed in their decree, otherwise my right will be forfeited. If it should be in my power to reciprocate this & the many other favours conferred on me through your goodness, it will be one of my greatest pleasures.

Sincerely
your friend
John C. Breckinridge

The Governor must certify officially that J. C. Breckinridge Esqr is the Mayor of this City, as you will perceive by the Consuls letter
