Lexington 31st Augt. 1831

To His Excellency the Governor

Sir

Being at this place in attendance on the G. Lodge I have had an opportunity of an interchange of opinion with many Gentlemen ~~both~~ soon of the Legislature and others of considerable information and intelligence they uniformally concur with me in opinion that it would be advisable for your Excellency to convene the Legislature as soon as practicable that we may be fully represented in the Senate of the United States at the commencement of its Session. the subject was not suggested to ~~me~~ previous to my leaving home but I have no doubt of the concurrence of both Mr. Crittenden & Wilson — With much respect Dr Sir Yours &c

His excellency the Governor

Dear Sir

Having been here for several days, I have had an opportunity of seeing many of our friends from various parts of the State, and there appears to be a general desire that you should, if deemed advisable by yourself, convene the Legislature on the first Monday in November for the purpose of electing a Senator to Congress — my opinion is decidedly in favour of this measure and if it meets with your approval — the sooner you exercise your constitutional power by proclamation the better as it will be necessary for the members in the distant parts of the State to be prepared in time — I should

suppose there could scarcely be a difference of opinion on this subject — as the necessity of our being fully represented in the United States Senate early in the session must be acknowledged by all

Very respectfully
Your Ob Svt
A Jonas

His Ex: the Governor of Kentucky:

In addition to the Indictment already existing against Roswell Sturdevant, another has been recently found against him by the Grand Jury of this County for having in his custody and using unlawful plates for striking blank notes on various Banks. It becomes indispensable in these prosecutions that the Attorney for the Commonwealth should be furnished with the acts of the South Carolina Legislature — regularly authenticated — by which the "Bank of the State of South Carolina" and the "President, Directors, and Company of the Planters' and Mechanicks' Bank of South Carolina" were incorporated.

I have intimated to the prisoner my disposition to collect the evidence on the part of the Commonwealth as soon as I could conveniently do so, in order that he might avail himself of a special Court for his trial provided the Judge should be inclined to grant it. I accordingly hope that the documents referred to will be pro-

cured and transmitted at as early a period as possible.

With the greatest respect, sir,
your obt. servant,
Richard A. Renfee.
