of the Commonwealth of Kentucky

Your petitioners would most respectfully solicit your excellency clemency towards one of our citizens who has been convicted of the crime of retailing spirituous liquors and fined the sum of $600 at the September term * They would state that he has been keeping a dry goods grocery in the town of Liberty Jessamine County for some 10 or 12 years past and has habitually kept an orderly house & been a very good citizen they are of opinion that the person to wit Ruben Wharton was presented & finally convicted by an individual who was influence by malice, and that it would produce no great injury to remit his fine but would better enable him to support a large family which he is hardly able to sustain by his industry

Mr Calhoun & Braddock

To his Excellency Robert P. Letcher Governor of the Commonwealth of Kentucky. The undersigned would respectfully state that a certain John Eidson at the late term of the Breckenridge Circuit Court was subjected to a fine for an alleged violation of the penal laws of this Country. Your Petitioners will state that they are informed that said Eidson is upwards of 70 years of age infirm and palsied, without any visible means of support and wholly unable to labor for a livelihood. And therefore unable to discharge the fine & costs assessed against them. Your Petitioners also state that altho they believe that the said Eidson did violate the law under which he was prosecuted, in one or two instances, yet they are informed & believe that he did not use the customary means, for obtaining patronage, neither moving his horse to different stands, exhibiting him at public times, nor advertising him. And they believe that his act was unaccompanied by that criminality & corruption for which alone offences are punishable. In consideration of the age, poverty, and want of criminal intent, of the S. Eidson Your Petitioners believe it presents a case for the legitimate exercise of the pardoning power. For which your petitioners as in duty bound, will ever pray &c.
