Mr. John Barret being appointed Paymaster to the 16th Regiment of the Ky Militia in 1806, and was then qualified and entered into bond as the law directed, in the County Court of Gruns County. But from the late law it appears necessary they should be Commissioned by you to that office. I therefore recommend him as a proper person to fill said office. Given under my hand at Gruns burgh this 12th day of May 1812

His Excellency Jno. Scott Governor of Kentucky.

Sir; A requisition has been made upon the 86 Regmt. for about 110 privates, a Lieut, Ensign &c. as their proportion of the 5500 volunteers, ordered by your Excellency to be detached from the Militia of this State. This Regiment desirous only, for the privilege of other citizens, to serve their Country, as volunteers, commanded by officers of their own choosing have raised, and organized a company, as you may hereafter discover from the Inspecter's return, consisting of 75 privates. I have been honored with the command. David Rees the Lieut commanded a company for many years in this County, with considerable ability Saml. Hunter the Ensign at present commands a company with applause. I have not doubted that your orders would authorize the reception

of this company; at the about double the number
required from the Regiment; but should the muste
Rened, I still, entreat that the company may be recev
-ed; they have elected a Captain which the ordering to
the commandant of the Regiment did not authorize, I
raised about 40 more volunteers than required:
this Cor of volunteers have the cause of their Country
alone, at heart, and provided their government will
furnish them with a few stand of arms, and rations, the
Captain will demand nothing for his services, and I
have very little doubt that their is patriotism
enough, prevailing among the privates, above the re-
quisition, composing this Company, to induce a like
sacrafice. If the company at present, and propond
organized
should be received they will hold themselves in
readiness to take the field at a moments warning;
but if the requisition of the Genl is adhered to, of a
first Ensign and about 40 privates, there will
not be a volunteer in the Regiment; this com

many will return to their Stations, some of the priv
vates at this time being commissioned officers in
the Militia, and the requisition will be obtained
by drafting.

I am with great respect
Your Excellency's Most Obedt. Servt.
