Capt. Waggener has for the last 2 years acted as Sheriff & is decidedly an excellent Officer so regarded by both the Circuit & County Courts & the Public & his appointment would be a good one & give general satisfaction.

West Liberty November 23rd 1844

To his Excellency the Governor of Kentucky.

The undersigned would most respectfully represent to your Excellency that a contest has grown up in this County to wit the County of Morgan about who shall be the high Sheriff of said County, and having been an eye witness to what took place in the County Court when the Court recommended the two gentlemen out of whom the choice is to be made I beg leave to state it as my Capity made proof from the record from the secretarys office that his commission was issued before that of Joseph Limpkins and that he had been first recommend by the Court was also proved and he proved that he and Limpkins presented their Commissions to be qualified & were qualified but which was qualified first is not certain as Capitys Commission has been destroyed but it was in proff before the Court that Capity had been acting for many years as a Justice of the peace for Morgan County that under a view of all the circumstances the County Court of Morgan County named Capity first in their order recommending them to be commissioned as high Sheriff for said County. and the Court certainly should be presumed in the absence of proof to the contrary to have acted correctly and honestly in the premises.

And all this difficulty no doubt would have been avoided and your Excellency would not have been troubled with the unusual and extraordinary effort on the part of Limpkins now to be commissioned as high Sheriff of Morgan County; but for the fact that the Clerk of the Morgan County Court and the Attorney for said Court

have bought the Sheriffty from Lumpkin and are determined to have him first Commissioned at the request of Esqr Capsity I applied to the Clerk for a Copy of the Order recommending them on the day after said order was made and demanded the Copy of the record to send on to your Excellency, and the Clerk refused to make out the Copy of the record, said he would not do it untill Lumpkin brought in some paper which he wished to Copy in the record for he said he was interested in the Matter and would not do it altho I tendered him the money for the record. Now from all I can learn on the Subject I do verly believe it. the Clerk of the Court and the Attorney are endeavoring to have Lumpkin Commissioned because they have bought the office from him & intend to controle the deputiny if not act themselves — Wherefore I respectfully request that Capsity may be by your Excellency commissioned

Yours respectfully
