Moses Roberts, Appellant.
vs.
State Board of Health, Appellee

The evidence before the Appellee shows that Appellant "was reputably and honorably engaged in the practice of medicine in this State prior to February 23rd, one thousand, eight hundred and sixty-four".

It is also shown that he was duly registered at time of application for certificate.

It nowhere appears that he has been guilty of grossly unprofessional conduct of any description, but on the contrary that he is a man of good character and conduct.

It is true he does not spell correctly, but the greatest doctor I ever knew labored under the same difficulty.

His appeal is sustained, judgment of the Board reversed, and it is ordered that the Board issue to him a certificate.
