Thomas Metcalfe ——

Gov of Ky —

Dear Sir,

I have understood that James Bryan of Livingston County has applied, to have some Imagts remitted, obtained in the Livingston Circuit Court against him by the Comlth for Keeping gaming Tables — I wish to draw your attention to that part of the law, prescribing Offences in such cases; which secures to me as the atty for the Comlth 25 per cent on the amt for which Imagts are obtained and my petitioner is that you would not remit the 25 per cent. I regard that much of each of the Imagts as being due to me; and as the attys for the Comlth are poorly paid at best I am not disposed to give it up

Bryan has married in that County into a respectable family and has been told settled himself in the Country and quit keeping gaming

tables - I reckon thinger to think that it would be no injury to the County for you to remit the fines he is poor, and as long as those Executs hang over him it is probable that he will not use the same industry and exertion to maintain his family as he otherwise would — if he was clear of those Executs — I shall however if you should not be disposed to show mercy toward him can do my duty and confine him in the Jail of the County as required by the laws — Be pleased to accept assurances of my esteem wishes for your personal & political happiness & welfare

& believe me to be very

truly yours —

Dear Sir

I am here on my way to Nawarleans — the day before I left town Edward L. Briant had sent on another petition to the Governor to remit the fine which he petitioned the Governor last winter and which the governor refused — this same Briant is now in this place with a Harrow Bands & Rosette — he came down the river with me in the same boat Genl Wayne — on his voige down he kept a Harrow bands on the Deck — he is and ever will be a common Blackleg Gambler — and for the facts which I now relate I Refer you to the Capt of the Genl Wayne his name is Jackson and also Saml Brent of Greensburgh on his way as Law agent to Florida — also Mr Johnson a Senator in N.S Congress from Louisianna and

Col. Owen a Number of Convicts from Alabama
and a Wealthy Tobacco planter from Green
County by the Name of Barnett — all those
men Know the facts — I do hope the
Governor will not remit this fine
My object is to collect it & run the
rascal out of the Country — he has
already almost run our little
Town — I am told our Representative
laid my objections to the Governor
remitting this fine arose from my
personal Hatred by some difference
between myself and his Gambler
this is all a Wilful and positive lye
and as long I live I will Make him
account for those slanderous — by getting
some big fellow to whip him almost
to Death — in Haste your Devoted
Friend

P.S. my compliments to your Brother & family

An application of a similar character to this was made last Winter by David W Patterson Esq. the member from this County and was then rejected. and were it not that your petitioners are so deeply impressed with its propriety it would not now be renewed. Mr James I Briant at the Sept. Term of the Supreme Court in the year 1828 was fined in Six cases for dealing Faro. $800 in each case. Since which time he has purchased a farm near this Town. and become an industrious and good citizen. he is by marriage connected to a large & highly respectable family & has an infant child. which together with its Mother are entirely dependant upon his exertions for maintainance. he is a liberal & honest man in all his transactions. and has already endured much severe punishment for these offences for which he was fined. by being compelled to fly his family & Warren for months. to evade imprisonment. were your petitioners not so well acquainted with Mr Briant & with the circumstance which caused the fine, they would not speak with so much confidence. when they declare. that they regard the present as one of those cases in which the Executive mercy should interfere. and by doing so restore a good citizen to his helpless family. The object of the laws has been effected, and is not diverted by the interference of the highest & noblest power of the executive. its severities may drive a valuable citizen to despair & plunge a helpless family into ruin.

I was requested to draw a petition in the behalf of Mr Briant for the purpose of attempting to be relieved from certain fines, imposed for dealing Faro. did I not regard the present, as one of those cases in which the Executive could with propriety interpose. I would not have sanctioned the application. his connection by marriage are numerous and respectable. and I know of no further good to the Commonwealth resulting from inflicting upon him the severities of the law. That practice I believe has been suppressed. and if not for him. I have no doubt out of regard to his wife & family a large majority would sign this petition if time was afforded to obtain their signatures
