Richmond Sept. 5th 1832

His Excellency John Breathitt,

Sir,

I am aware that you will be annoyed by communications like the following but I call your attention to this believing it one that has a real claim to your notice — There has been recently a full & very handsome Troop of Cavalry arranged in the 13th Brigade which is attached to the Regt which I have the honour to command, the Troop is principly uniformed & composed of young men of the first standing & respectability all of whom are very ambitious to receive the proper equipments by the 10th Oct — (our regimental parade) — The Captain has applied for the Pistols & Swords but has received no Holsters or Belts &c — — The legislature last session repealed that part of the law requiring officers to uniform the change is calculated to destroy in a very great degree that pride which a Citizen has in accepting a Commission I am proud to say however that no such want of pride exists with you in my

Regiments & I think the Troops which has been
organized when properly equipped will have
a fine effect to keep alive that spirit of emula-
tion which is the life & soul of our militia
system — As the Commander in Chief of the
Militia of Ky — I trust that you feel the same
pride that I do upon this subject — The Capt.
has the letter of the Quartermaster Genl. stating
that the articles of equipments would be in
Frankfort in a very short time from every inform-
ation since we are fearful we shall not get them
in time unless we can have your special ag-
ency in procuring them for us; should they not
be within in Frankfort or Louisville I have no
doubt they would be forwarded from any place
they may be deposited upon your application
Your particular attention will be acknowledged
by me as well as every member of the Troop —
Be so good as to inform me whether you can
do any thing for us — Permit me to congrat-
ulate you upon your success to the Chief Majis-
tracy of our State; I think our success should
cheer every heart who has been engaged in one
good cause a cause in which I have been

an humble and a zealous supporter, the same
exertion I have to devote will give at a glo-
-rious triumph in November

Your friend Respectfully

To the Adt General

Sir

I would just inform you that the Nominations for the 40th Regiment which was made and sent on the last of May or the first of June last the Commissions have not yet came on if they have they have been sent on to Henderson, I Supposing that the Brigade General Resided there when they still remain he has been Absent from the state for two years sometime early in the ensuing winter and it is believed that he will Never return to the State of Ky again which Causes great confusion throughout the whole Brigade at this time the 40th Regiment is almost unofficered Notwithstanding the Nominations have been Made and sent on we have ten Commissions in said Regt and but five Com'd Captains and but three Subaltern Officers in Commission there has Not been a Brigade Major

82-286

for upwards of three years Major John Towns was the last Brigade Inspector that acted under a Commission I believe he has been out of office for Nearly four years, I think I have understood that there was one Commissioned after Towns Removed from this State but Never Qualified to his Commission, In Consequence of which we have had no officer since Towns' Removal of that grade, we have no Brigadier Generals to Correspond with. the Major General has Moved out of the Bounds of the Division and we are left alone, therefore we hope that something will be done to put our Correspondence in a better train

I am yours Respectfully Hs Hs
