To His Excellency James Breathitt Govr. of the Commwlth of Kentucky

The undersigned your petitioners would most respectfully represent that at the Novr Term of the Boone circuit court 1830 Elijah Garnett was fined the sum of 10 dollars for retailing spirituous liquors without licence. and at the May Term of said court 1832. he was also fined 10 dollars for the same cause. Your petitioners are informed and believe that the said Garnett on the first occasion was not aware that his licence was void and sold the spirits for which he was fined while unconscious that he was unauthorized to do so. and before the time of committing the last offence he applied at the proper time for a renewal of his licence but there was not a majority of the magistrates at the bench. so that he could obtain them and no doubt the s.d Garnett supposed that under such circumstances he could get a licence so as to cover the past up to the time of his application. Your petitioners would represent that the s.d Garnett has kept a Tavern for some time in the Town of Burlington and that his house has been distinguished for good order and has never been devoted to those irregularities which injure the mor-

of the community. and your petitioners
sincerely believe that s^d Garnett has nev
er permitted his Lenity to open with
a view of evading the payment of
the tax. or from a disposition to evade
any duty. your petitioners would further
represent that the s^d Garnett is only in
moderate circumstances. and that he is
a moral upright citizen. your pet
itioners would therefore pray your
excellency to relieve said fine as in
duty bound your petitioners will ever
pray. &c

Dear Sir, At the last Term of the Cecil circuit court I was fined ten dollars for a contempt of court committed by striking Jammie McScott, in the presence of the Court, which fine I have determined to ask you to remit, At the time I was fined Scott was fined £10 for his part in the affair, a little more than two thirds of which was remitted by Gov. Ellicott by which means as I humbly conceive, the punishment (should I be compelled to pay the full amount of the fine imposed upon me) would be disproportioned to the guilt of the parties, She asked me in the presence of my friends at the Barr and when I was engaged in a friendly conversation with others (having nothing to say to him) in a very insulting manner if I had any more bribes or if I had any more of the Grey bribed and I cannot say which, upon which I threw a Book at him, To be thus accused of Bribery so far exited me that if my life had been at stake I should I am certain have struck him. Soon after the affair happened I learned that he had accused me

to Las W. Ewing with having on a former occasion had a portion of a Jury who were out deliberating about their verdict in conversation about the matter before them upon which I requested Mr. Greenfield to tell him that if he could find one creditable man in the world that would make such a charge against me I would procure a remittance of his fine, Greenfield promptly delivered the message, to which he replied that he had seen me talk with one of the Jurors but that he did not know what I was talking about.

I do not know but that a juror may have had some conversation with me in the street, about other matters but that I ever did upon any occasion in my life hold any conversation with any juror who was deliberating upon a case out of the presence of the Court I pronounce a deliberate and wicked falsehood, I refer you for the circumstances in detail to Gov Hise, or Judge Graybam

I assure you that I feel myself incapable of offering an insult to a court of Justice & that I would not if at myself commit any such offence. But the charge, the time and

the manner all conspired to ammon me
Should you think under all circumstances
that it would be proper to remit the fine
then I hope you will do so. I hope I
shall hear from you during next week

Be pleased to accept my
best wishes for your health
and prosperity published
and private

I remain
your friend
sincerely
