His Excellency Chris. Greenup Esqr.

Frankfort.

Dear Sir, Greensburgh 6th August 1805

I once more sit down earnestly to request you to commission the Military recommendations some time ago transmitted to you: I can assure you that the oBest officers were recommended where there was any in the companies to recommend, but there were several companies in which are no Officers to recommend. We can neither have a Court Martial nor Regimental Muster untill the commissions come forward for the persons nominated. My Regimental Muster is the first Day of October next. I hope you will transmit the commissions before that time. Joseph

Richeson the former Adjutant has resigned and I hereby nominate Isaac Tate as a proper person to fill that Office: his commission I hope you will send forward the first opportunity. The Offices who hold their Commissions in the Regiment are growing extremely uneasy and talk of resigning in case the Commissions do not speedily come forward. The Regiment is in a very confused situation for the want of Offices, and it is impossible for me to make any arrangements as there several companies not having an Offcer

commissioned or non-commissioned.

I am Sir with sentiments
of respect your
Hble Servt.

James Allen
