Should it meet with your approbation, myselfe Chosen as Captain, and shall be happy in bearing you Company threw the Campaign, Our Brigadare Gen.l Chiles will be with you in this Week, and make an Official Return, which I hope will meet with your most Sanguine expectation I would beg leave to observe to your Excelency. that in the bounds of my Regiment. their is a Company of Cavalry. of Considerable Strength, commanded by

Governor Shelby,

Dr. Sir, I this moment receved your letter, am happy to give you assurances of my willingness to go with you; also of a full compliance with your requisition of men, so far as it lays in my power — I have an enrollment at present upon which I have the signatures of a few Volunteers; on Saturday next we shall have a meeting of our Regiment for the purpose of making out my Company, which, I hope will be done as amply as your Excellency could expect, considering the lack of population in our County, and the number of men who has volunteered in Colo: Johnsons Regiment and joined the Rangers on the frontier: however, be assured I shall lead into the field, all that can be gotten; and am rejoiced you give me an opportunity so to do — On Sunday next I will report to you particularly what can be done, in writing or by seeing you myself. I am sorry the Col delays calling our Regiment together so long, however I hope that can be obviated by extra exertions which shall not be wanting on my part — Be so good as to accept this as a [illegible] of my willingness to

Dear Sir

Cincinnati 8th Aug. 1813

In reading your handbill, I find that you intend to March a large force, through this quarter, to join the N. W. Army; I shall take it as a particular favour, from you that you would give me the earliest information, what quantity of Rations will be required, as near as possible, at this place and at Franklin and Lebbannon, as I have the Contract to furnish at those places. if the army should march by way of Franklin as it is the best Road and I can lay in better supplies there than at Lebbannon. I should wish your instruction which of them places will be your Rout.

I am Sir your ob.t Hble. Serv.t
