Dear Sir I have the honour to acknowledge the receipt of your letter of the 31st ult. accompanied with your adress to the Militia of Steuben Co

I have deferred until this time, answering you, expecting the object of your letter could be more satisfactorily given at some later period — I believe that about 53 have enrolled themselves, about 20 of whom have joined Capt Warfield, who is attached to Col Johnson's Regiment —

I flatter myself that a Company will be raised here to rendezvous on the 31st tho' that can be better ascertained, on next Saturday, when, an appointment is made to choose officers —

There will be some volunteers, who may not attach themselves to this Comp'y under certain Circumstances, but will reserve the privilege of joining, such other as may better suit them —

I can assure you that every encouragement is given to promote this service by every discription of persons, and I have much to regret, that a

considerable number of our finest young
men are Paroled Prisoners of War,
who are now anxious to have one more
opportunity of shewing their patriotism
I can only add that so far as respects
myself, I have declared myself a
Volunteer from the first of my
hearing of the call & therefore could
with more propriety encourage
others to turn out, tho' for a few
days past I have enjoyed worse
health than I have for 20 years past
Should any thing interesting occur,
which may be thought necessary for
you to know, rest assured that
I shall take great pleasure in giving
you the earliest information
I am with great respect

Respected Sir

At a time I was scarcely honoured with your acquaintance, I presumed a suit to you for an unfortunate citizen of Lewis County & was successful; this circumstance although it does not ensure me success in my present application emboldens me to address you again. I find by your proclamation you intend to accompany the Militia of this State to the North West Army; in consequence, as it is to me, and however great my privations may be, I earnestly request you to receive me as a Volunteer in your Family. I will not for Rank or Emolument, neither do I expect

a place which will exempt me from the
Fatigues of a Campaign - The Citizens of
my County can testify, that I have been
anxious in attempts to provide the
means of your proclamation, and the
exertions equal to the efforts, I should not
have accepted you, but I have lost
all hope of expecting a Spirited volunteer
ing in this County - I should be unwilling
that this War should pass over with-
out my partaking in it, and if
your Excellency will be pleased to
confer on me any Staff appoint-
ment I will set out for New York
in the Last of this Month - A
Speedy Answer, I earnestly solicit
almost unintelligible - With high Respect
