Dear Sir

Glasgow 11th Augt 1813

Doct. William Gray of this place intends going out with the volunteers on the approaching expedition under Govr Shelby - It is his wish to obtain a situation in the army in the line of his profession. He has practised physic in this neighbourhood for several years with considerable reputation; & from my acquaintance with him & observation of his conduct, I think he merits distinction.

Being desirous of aiding Doct. Gray towards the accomplishment of his views, I have taken the liberty of writing to you in his behalf, in the hope, that if you should think proper to mention him to the Govr with approbation, it may effectually serve him. With much respect, Sir,

I am Your Obt. Servt.

I was Hond with your letter of the 31st July & being called by imperious business into the Lower end of Henry County where I was detained untill 3 days ago lusted the little interest I posses in getting out as many volunteers as possible from that vicenity an estimate of their numbers you have had from Colo Calloway of that County feeling unwilling to take the command of a company I felt a delicacy in soliciting volunteers to act under my own immediate command this unwillingness proceeds from my time of life which has now progressed to 48 years & believeing that a more active man would suit such a command better than myself but Sir I feel a quale anxiety to go with you & will accept any place in the staff department you will be pleased to assign to me a word of encouragment on this head from you by my relation & friend Capt Johnston of consistant with the conduct you intend to persue on this subject will call me to your Endevours at Newport on the 31st for my conduct as an officer & the places I filled

It is with infinite satisfaction that I inform you of the great promptitude with which the citizens of our Patriotick State have turned out in obedience to your well devised & proclamation, let captured my dear Sir, it gives my heart pleasure to find that the ardor & patriotism of our countrymen has not abated, & that they by their conduct prove they are anxious to avenge the blood of their butchered friends &

Report says that the small county of Pulaski has turned out 200 men The County of Madison four Companies every other County from which I have had information will make at least a full company — The County of Mercer notwithstanding it had furnished one hundred and forty men under M Afee for Johnsons

Sh 6-18

Ry.t will give Col.o Davenport at least
100 men — My Son Capt. Sam.l W. Dowell
& Son in law Lt. Gillespie have joined

of going but many people suppose
it would be inconsistent with my office
and that I ought not to absent myself
from the courts this fall — Whether I
go or not my heart will be with
you & my prayer shall be that you
may reinstate our injured rights &
gain Laurels and return to the
bosom of your friends & Country
