Middle Town Jefferson Cty. Augt. 22nd. 1813

Sir/ I rec'd your Note to me Dated the 16th Inst. the Contents of which I did observe. to my great Gratification, I enclosed application which will shew you somewhat of the Patriotism displayed in my Reig't. On the 18th of this Month, after I had made the arrangements. I had found my Reig't. I was not one hour below I had a full Company — I held an Election in the Company for all the Officers in it. & had every thing completed the same day in perfect Harmony & Friendship — From Information rec'd last Evening — I am bound to say that my Lieut. Major Francis Taylor. who is appointed to you on this Campaign. is in so delicate a State of health. that I apprehend it will be impracticable. for him. to undergo the Fatigues of it. If however, you should think it fit. in case he shall not be able to go, I will take his place. or any other respectable Person that shall be appointed me. my Heart my Soul, my mind with all the Zeal. and love of Country — all combined — for the Prosperity of my beloved Country — Ensign — George Oldham. (of the Volunteer Company) will Deliver you this Note, and believe it will superseed the Necessity of its being Delivered at the time. & place of the Gen'l Rendezvous — as stated in y'r Excellency's addr's — of the 31st of July last. (my Anxiety to go is great, as to my capacity I shall be silent, but observe, my will is as good. and my Zeal as great, as any man's, Majr. Francis Taylor will make a Stright Officer. but his complaint he states is such that he can not Rise. Affection of the Kidnies Gravil. or. Consumption — or perhaps a Complication of Complaints. I do not mean, to say if Majr. Taylor is able to go. that I would insinuate any thing. I want him to go or some other Officer. that my dear men would have Confidence in. I am

Dr Sir I was in this plan when your letter to me
arrand in Springfield and did not Recvit in
time to give you the information you Request
ed I had a large company Laid and their Expecta-
tions was to Recive the same pay that Cols Johnsons
men Dos and as you could not say what ther
wages would be I could not Compel them to
Serve. there was a Considerable number ~~was~~ willing
to serve yet not near a company and my engagements
at this plan was so that I could not attend to the
Completion of the Company in time to reach
newport agreable to your ordrs. and it ~~was~~ is
also out of my Power to start until after the
time you are ~~you~~ to. Endeavours and not
knowing whether you would Recive them after
that time I thought it best to persuade them
to join some others that could start in time
to meet you, ~~and~~ if your time will admit
please write me a line and direct it to

Springfield whether I will be recruited as a volunteer after you leave newport and I will endeavour to overtake you on your march or at headquarters ~~—~~

It is possible you may not ~~have~~ ~~not~~ be appised of ~~the~~ the cause of the men in this part of the state not turning out more freely and I think you ought to know if you do not there now was any thing so absurd to take such an appitt among some classes of people there are some of your enimies ~~—~~ charging you with treachery ~~and~~ one proof of it they say is your turning them soldiers back and it has raised great confusion as there was so many substitutes and them talks have injured you very much and they think they have another clause which I think as erroneous as the other

that is your giving Gen C adair an appoint
ment I was in hopes you had heard some
of the Calumny and would Contradict them
which would of made a Considerable Differ
ence in getting Volunteer in some places
Excuse haste the mail is about to close
I must conclude your obedient Hum Ser
Servant
