Sir during my absence on the N. W. army in 1812 the former Colo. of the 36 & 17th Regts made a change in the bounds of said Regts at which time I commanded the Batallion in the 17 Regt — The alteration of the bounds has thrown the Regt I now command in a very inconvenient figure, indeed the line runs through my house, should the bounds of the Regt I command ~~(illegible)~~ have been transmitted to the Ajedant Genl Agreeable to his Genl orders, I do not wish it to be named as such, if you you will be so good as to confirm the bounds as it Orginally was, which is as follows; Beginning where the road from Lexington to Mt Stephensons ford Jonyard crosses Boons creek, thence with said road to the north fork of Howards lower creek, thence down the same to its mouth at the Boonsborough road, thence up the said road to the South end of Main Street of Winchester, thence with the same to the Mount Sterling road

Shb-133

thence with the same to the forks of Red
river Road, thence along the dividing
ridge between the waters of Licking and
Kentucky to the head waters of Stone
thence down the same to the Mountster
-ling road, thence with said Road to the
Montgomery line, thence with the said
line to Red river, thence down the
said river to Kentucky, thence down
the Kentucky river to the Fayette line
from thence to the beginning — The
foregoing is the bounds of the 17th Regt
as it originally stood, should you Sir
not have confirmed the change in the
same, it would be pleasing to me to
find it stand as here stated, at least
it would be an accommodation to
me, as the law requires each Commom
dant to reside in the Regt he commands
and as the way proposed for changing
the bounds of the 17 Regt will leave part
of my Mansion house in the 35th & part
in the 17 and it will be hard for

me to say which I reside in if the bounds
is changed as prayed for. —

I am with due Respect

I James Johnston Major Commandant of the
49th R. I. & A. do hereby certify that I
did publish on the Regimental Muster in the
fall 1812 when the Regiment was on Bronde
that Applications would be Made to attach
that part of the 49th Regiment that lies
in Butts County to the 66th Regiment
& that no objection was Made Also I now
Certify my Approbation to the Same

Jas Johnston Major
Commandant 49th

I do Certify that I am well acquainted with Captain Nehemiah Boxard's Rifle Company and am Certain he was attach.d to other Companys very improperly in as much as his Company at the time it was attach.d was not under the lawfull number Given under my hand this 9th May 1814
