Dr Sir,

At the request of some of my fellow citizens I am venturing to take the liberty of addressing your Excellency on the subject of the pay allowed to the militia of Christian, Caldwell, and Livingston for guarding the frontiears. Your Excy has thought proper to withold that part which still remains due, but being informed by Mr Sharp our Senator, that you gave some little encouragement at his departure from Frankfort, the persons interested have therefrom entertained some hope that you will permit them to fare as the rest have done and that if the remainder of the Roll are sent up in due form Your Excellcy will permit them to draw the money. —

My only business therefore is at the request of some of those persons to beg the favour of an answer to this query that they may know whether to send on again or not.

I have the honor to be with the highest esteem Yr Excy very

Quarter Master's Department

Franklinton July 21. 1814

Sir

The receipts signed by Col. Geo. Walker, & approved by your Excy, for the five thousand dollars, which I furnish-ed, by your particular request, last Oct. remain un-cancelled - to my great inconvenience and injury - The indemnity for that money, which was promised to have been made with Col. John C. Bartlet, in my favor, was not negociated - and being thus situated, I find myself under the necessity of addreping your Excellency -

You will please to recollect that in order to comply with requisition I was obliged to borrow at the bank of Chillicothe, $2040. for ten days - for which I paid $3.40. interest - making the whole that I have actually advanced amount to $5003.40 -

Last March I wrote to Col. Walker, on that subject, but have received no answer -

It is my duty to settle my accounts, at the close of each quarter, with the Accountant of the War Department - and having waved the subject of those receipts so long, I could not suspend it further, and therefore wrote him on 4. June last, enclosing copies of the receipts, for his information, and asked his instruction as to the mode by which I could be credited for that sum & - He replies

that" neither Gov^r Shelby, or G. Walker having rendered any
"accounts to this office, I cannot undertake to pass to your
"credit, the amount, which it appears, you advanced the
"latter gentleman"—

I never had an order from Gen^l Harrison, directing, or authorizing me, to advance that, or any other sum of money for the men under your command—His order only required me to furnish forage, which I fully complied with by making suitable deposits (of which in most instances there was large surplus) on the main route from Sandusky to Limestone— You know, Sir, with what reluctance I did advance the money— not only by reason of its being extremely inconvenient for me to do it— but because the act was unauthorized, & inconsistent with my official duties— It is now indispensably requisit for, that I account and settle with the War Department, for that money, without further delay— and I have no alternative, but the interposition and aid of your Ex^y— or sustain the loss— I therefore earnestly entreat your immediate attention to this business— Expecting the adjustment to have taken place at Lexington, last fall, I sent one set of the receipts to M^r Robert Scott, Agent for the Quarter Master's Dep^t there— and they remain with him yet— the others shall be subject to your order, whenever you will please to cause them to be paid—

I have the honor to be with great respect
