Dear Sir

yours Leveing Commissions to Doctrs Green and Gates was duly Rec. Also, yours Two favours by Mr Carneal ~~Capt Hickman~~, for which you have my thanks When I wrote you by Mr Lawan, I then expected before this to have had it in my power to have wrote you from a More Distant post than this but as it is Not an movement in the Army yet, that Since I have been at this place we have each week been Calculating on Some thing to be done the next, And even Now there are Calculations making, But to me the prospects are bad, the Season advancing fast, our Cloathing not yet come on, and a Number of men Very bare, (a few have been partialey supplied) and our Stock of Provisions are but Smale, and them Not increasing, in fact the Roads are So bad that it is Next to an impossibelety to get them on, Mr. George Hanlan Who will hand you

And Who goes on With Some Indeans to Kintucky will be able to give you a better Discription of our Situation than I possible can on paper, and to Whom I must Refer you for a full detail of the Circumstance, Situation & Cause of those Indeans going to your Country, I have myself tolerable Comfortably Situated, I a few days Since removed my Quarters out of the tent into a Cabben, Altho not finished, Yet I am well Situated to what the Men and Officers generally are, Nearly the Whole Yet Remain in there Tents, Some few have built themselves Small Huts & Others have made Shelters before there tents doors, Notwithstanding the weather we do tolerable well, except ~~I~~ the time we are employed in escorting Provisions to the advanced posts & Cutting Roads thro those Swampy Lands, Which is extremely Injurious to the men, in this way My Regt have been much exposed, and a number of them are now Sick. Ten Deaths have taken place, and there are Several that will I fear Shortly follow them

With every Sentiment of Respect I am

Dear
Sir Your Hble Servt
