## **Adults Returning to School A Guide to Higher Education for Nontraditional Students 2006-2007**

*Adults Returning to School* was developed to meet the needs of adult students thinking about going back to school. It focuses on financial aid and educational opportunities in Kentucky and is kept up to date with the help of financial aid and admissions officers, financial aid program administrators, state agency officials, and testing service representatives.

Higher education is a major investment in time, effort, and money for both you and your family. *Adults Returning to School* will provide some of the basic information you need to plan for your college education or vocational-technical training.

*Adults Returning to School* is divided into three parts--[\(I\) Making the Decision](#), [\(II\) Paying for Higher Education](#), and [\(III\) Kentucky Higher Education Institutions](#).

### **[Contents and Introduction](#)**

#### **[Part I -- Making the Decision](#)**

This section provides basic information that will help you decide whether to resume your education. It explains many of your options and can help you plan to meet your educational goals if you choose to return to school.

[Chapter 2: Where Do You Start?](#)

[Chapter 3: Selecting a School](#)

[Chapter 4: Admissions and Entrance Tests](#)

#### **[Part II -- Paying for Higher Education](#)**

This section focuses on the cost of your higher education and how you'll pay for it. Higher education may be one of the biggest investments you'll ever make. It's important that you become familiar with the programs and process for paying for your schooling. It's also important that you know that student financial aid is available to help many students with the costs of higher education.

# Introduction

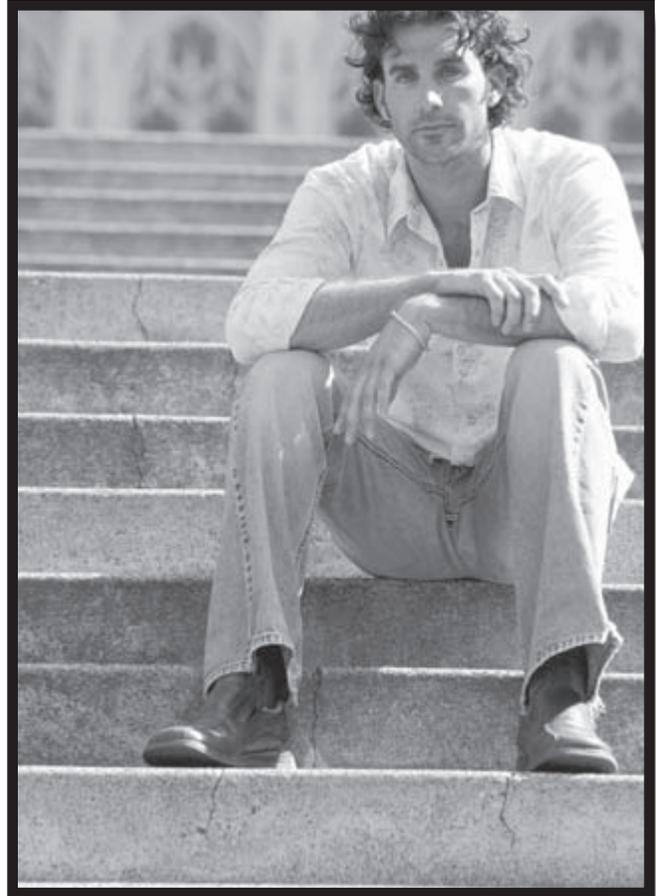

*Adults Returning to School* was developed to meet the needs of adult students thinking about going back to school. It focuses on financial aid and educational opportunities in Kentucky and is kept up to date with the help of financial aid and admissions officers, financial aid program administrators, state officials and testing service representatives.

*Adults Returning to School* is easy to use. Part I will help you think through the process of returning to school by determining your goals, considering your scheduling options, exploring career opportunities and selecting the best school for you. Also included are entrance test information and an overview of different academic program levels.

Part II gives you a general overview of financial aid, tips for finding student aid and the steps necessary to complete financial aid applications. You'll also find a form to help you evaluate your financial aid package and tips on borrowing money wisely to pay for school.

Part III is an excellent source of information about Kentucky colleges, from trade schools to seminaries. It has information on each school's costs, admissions requirements, financial aid information and academic programs.

Higher education is a major investment of time, effort and money for you and your family. *Adults Returning to School* will provide the basic information you need to plan for your college education or vocational-technical training. # Part I

## Making the Decision

*Adults Returning to School* is divided into three parts: (I) Making the Decision, (II) Paying for College and (III) Kentucky Colleges.

Part I, Making the Decision, provides basic information that will help you decide whether to resume your education. It explains many of your options and can help you plan to meet your educational goals if you choose to return to school.

## Chapter 1

# Is it Time for You to Return to School?

*Adults Returning to School* was developed by the Kentucky Higher Education Assistance Authority (KHEAA) and The Student Loan People<sup>sm</sup> to help you answer that question. KHEAA is the state agency that administers state financial aid to help families meet higher education expenses. The Student Loan People provide the best student loan deals in Kentucky.

If your goal is to become a more informed citizen, critical thinker or well-rounded person, a college education can help you achieve your goal. Many adults, however, return to school because they want to change their lives, because an event has already changed their lives or because they need new skills to get the job they want.

### Questions to Think About

Whatever your reasons for returning to school, talk it over with those affected by your decision.

- Do you have the support of your family?
- If you're working, will more education improve your chances for promotion?

- Will your employer provide tuition assistance?
- Can you balance family, work, school and other responsibilities?
- Can you take classes when your schedule permits, or can your schedule be adjusted?
- How competitive is the job market where you live or want to live?
- Can you devote the time and energy you need to complete the program of study?

Most adult students have responsibilities not only to their education but also to their family and employer. Share your plans and expectations with others. Ask them to share their concerns with you. Communication can help you balance these responsibilities.

### Are You Too Old to Go Back to School?

Adults who return to the classroom are often concerned about their ability to do well in courses. This feeling is normal, so give yourself time to adjust. Many adult students actually do better in school because they're more committed to attending classes, learning as much as possible and achieving their educational and career goals.

### Scheduling Options

You can go to school full-time or part-time. If you can only take evening and weekend classes, online courses and correspondence courses, can you take enough hours to be a full-time student? Some schools advise students who work more than 20 or 30 hours per week not to enroll for more than 6 or 9 credit hours a semester.

Colleges that hold classes on a semester schedule usually consider 12 credit hours full-time for undergraduate students. Nine hours is generally considered full-time for graduate students. How much

time you can spend studying is another consideration. Generally, you should allow six hours of study each week for each three-credit-hour course. You may want to take one class to see how you do first. See Part III, beginning on page 89, or check with the school's admissions office to find out what scheduling options are available.

Can you pay for your courses? Part-time students are eligible for fewer sources of financial aid than full-timers.

### **School Support Designed for You**

Many schools have special services for adult students. The school's catalog should tell you what services are available and which office to contact for each service.

Most schools have a financial aid office that can help you complete financial aid forms and will offer you a financial aid package of grants, loans, work-study and/or scholarships based on your need.

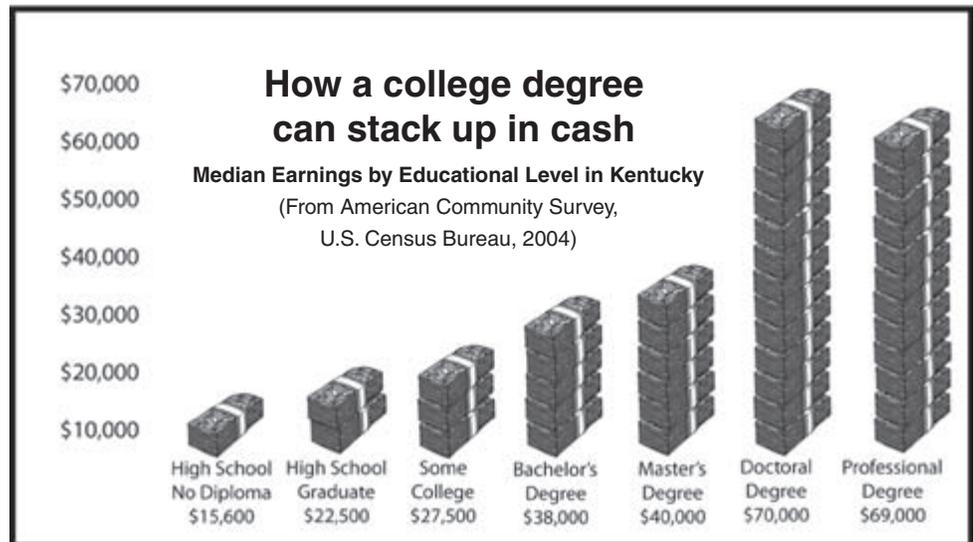

*Adults Returning to School* will help you become familiar with the many sources of assistance and opportunities for you to achieve your higher education goal. (For information about programs and services at a specific Kentucky school, see Part III, beginning on page 89.)

# Academic Program Levels

The length of programs offered by Kentucky’s colleges varies greatly. A full-time student can earn a certificate in six months or a professional degree in six years. Check to see if the length of the program at the school fits into your plans. General academic program levels and the approximate time needed for full-time students to complete the programs are listed below. As the table below shows, there are many programs that can help you prepare for a new career. They vary in length, but it’s important to remember one thing: generally, the more education you have, the more money you can make.

Type	Program Length	Description
<b>Certificate</b>	6–18 months	Nondegree programs usually in a vocational or technical area
<b>Diploma</b>	15 months–2 years	Nondegree programs usually in a vocational or technical area.
<b>Associate Degree</b>	2–3 years	(1) Associate in applied science (AAS) and associate of applied technology (AAT) degrees in technological and vocational majors.  (2) Associate of arts (AA) or associate of science (AS) degrees in nonvocational and vocational areas. Can be applied to a bachelor’s degree.
<b>Bachelor’s Degree</b>	4–5 years	The most common are the BA, usually awarded in the humanities and arts, and the BS, often awarded in scientific and technical fields.
<b>Master’s Degree</b>	Bachelor’s degree plus at least 1 year	Teachers in Kentucky’s public schools are required to get a master’s degree.
<b>Doctoral Degree</b>	Bachelor’s degree plus at least 3 years	Programs usually consist of course work, independent research and dissertation or other formal presentation.
<b>Professional Degree</b>	6 or more years (including at least 2 years of college for entrance)	These include degrees in law, medicine, pharmacy and theology/divinity.

This graph gives the 2003 median earnings of Kentuckians over age 25, both sexes, who worked year-round at a full-time job, based on their level of education. A median is a middle value, so the number of people earning less than the median was equal to the number of people earning more than the median.

### What Are Your Interests?

If you need help in choosing a career, ask yourself some questions:

- What am I good at?
- What are my best qualities?
- What subjects did I like in high school?
- What are my favorite hobbies or activities?
- Do I like to work with people, animals or machinery?
- What about writing, math, science, computers?
- Do I like working indoors or outside?
- Do I have a special artistic or musical ability?

### Other Sources of Job Information

To learn more about jobs, you may want to:

- Talk with people who earn their living in jobs that interest you. Ask them where they went to school, what they thought of the school's program, what they do on the job and if they enjoy their work.
- See if your public library has books about jobs that interest you or how to choose a career. One publication is *The College Board Guide to 150 Popular College Majors*.

- See the *Occupational Outlook Handbook* at [www.bls.gov/oco/](http://www.bls.gov/oco/) for descriptions of many occupations, including national starting salaries and annual income averages. The *Dictionary of Occupational Titles*, at [www.theodora.com/dot\\_index.html](http://www.theodora.com/dot_index.html), lists careers by job title.
- Check the "Help Wanted" section of newspapers to see what jobs are available in your area. Keep in mind that the job market is changing. As technology changes, some jobs are phased out and new career options become available.
- Write to Kentucky Career Resources, 500 Mero Street, Room 2019, Frankfort, KY 40601-1957; call 502.564.4286; or visit [www.workforcekentucky.ky.gov](http://www.workforcekentucky.ky.gov).
- Contact an Educational Opportunity Center (EOC) or Career Connections Assessment Center (CCAC). EOC counselors can administer assessments to help adults determine their career and educational goals. By determining your aptitudes, interests and basic academic skill levels, CCAC counselors can identify a wide range of careers you might be interested in pursuing. Your counselor will help you develop a plan to reach your career goal. For more information, contact the CCAC nearest you.

## Vocabulary

Like everything else, college has its own vocabulary. Here are some of the terms you may come across.

- **College:** This is trickier than you might think. It can mean any school that offers degrees, or it can be a large subdivision of a university, like the College of Business or the College of Arts and Sciences. In *Adults Returning to School*, we use *college* to mean any education after high school, whether it's a trade school, a community college, a small four-year school or a large university.
- **Higher education:** This is any education after high school. It can include anything from a diploma from a hair-styling school to a degree from medical school. We'll usually just use *college*.
- **Institution:** You'll often see this used as a catch-all for a school that offers a higher education. Again, we'll use *college*.
- **Matriculation:** A fancy word for *enrollment*, which is what we use.
- **Postbaccalaureate:** After a bachelor's degree. Sorry, we can't think of anything simpler, so you'll see this one sometimes
- **Postsecondary:** Any education after high school. We usually use *college*.
- **Proprietary school:** What most people call a trade school, so most of the time you'll see *trade school* in this book.
- **Technical school:** A school that provides training in technical fields, so it's a little like a proprietary school and a little like a community college. In *Adults Returning to School*, we usually use the general term *trade school* because that's more familiar.

## Chapter 2

# Where Do You Start?

Where you start depends on where you left the educational system. If you didn't complete high school, read "No High School Diploma." If you have a diploma or GED or have been in college before, go to "High School Graduates, GED Holders and Former College Students" on page 9.

### No High School Diploma

If you didn't complete high school, you can:

- Take high school courses and get a high school diploma.
- Take General Educational Development (GED) classes and earn a high school equivalency diploma.
- Talk with a college admissions officer to see if you can be admitted under "ability-to-benefit" provisions.

### High School Courses

Some high schools welcome adults into the regular high school classroom to take the classes they need to get their high school diploma. Other school districts let adults earn diplomas through adult high schools, some of which hold classes at night, or through correspondence courses.

### GED Options

Many adults study for the GED tests through classes taught at local adult education centers. Adult education programs in every county are listed on pages 12–18.

To earn your GED diploma, you must pass the five GED tests that assess your knowledge of language arts/writing, language arts/reading, social studies, science and math. The Official GED Tests are given by official GED test centers and are not available online. The GED diploma/certificate is conferred by each state.

All candidates for the GED tests must have a Kentucky mailing address, meet eligibility requirements, pass the official practice test and complete the KYAE-6 application form.

For example:

- If you are 19 years of age with a Kentucky mailing address, you may test.
- If you are 16 years of age with a Kentucky mailing address and have been officially withdrawn from school for 90 days as certified by the local school district, you may test.

There are two ways to prepare for the GED tests. You can:

- Enroll in an adult education GED preparation class in your county. See GED Classes on pages 12–18. Call Kentucky Adult Education at 502.573.5114, or visit [www.kyvae.org](http://www.kyvae.org) for the center nearest you.
- Enroll in "GED on TV," broadcast on Kentucky Educational Television. Call 800.538.4433 for information.

If you have a disability that requires special accommodations, contact Dr. B. J. Helton, Suite 250, 1024 Capital Center Drive, Frankfort, KY 40601, telephone 502.573.5114.

GED Testing Centers are located throughout the state. Contact your local center for test dates. See pages 19–20 for locations and telephone numbers of these centers.

## High School Graduates, GED Holders and Former College Students

The admissions office of the school you plan to attend can help you get started on the road to college. If the school you plan to attend has an office that serves nontraditional students, that should be the best place to go for help. (See Part III, beginning on page 94, for addresses and telephone numbers of these offices.)

You can also contact an area Educational Opportunity Center (EOC) for help with admissions and financial aid questions.

## EOC and Talent Search (TS) Programs

EOC and TS programs help people who are entering or reentering college. These programs provide students with career, educational and financial aid counseling as well as encouragement and support. EOC and TS programs are funded through the U.S. Department of Education as part

of the Federal TRIO Programs and offer free services to students.

- EOCs provide adults 19 and older with information about educational opportunities. They have information on admissions and financial aid for colleges. EOC counselors can help with college admissions and financial aid applications, career counseling and tutoring. Financial aid forms can be filed electronically at some EOC locations, saving time and reducing errors. EOCs can also provide information about academic programs at local colleges and universities and GED programs. A TS program can serve adults if there is no EOC in the area.
- TS is an outreach program that provides educational guidance, counseling and academic support services to help middle and high school students and people who haven't completed secondary or postsecondary education enter or reenter those programs. All participants must have the potential to complete secondary school and undertake a program of postsecondary education.

Program participants must be between the ages of 11 and 27. TS programs can also serve adults over age 27 if there is no EOC in the service area. A TS program provides information about admissions requirements, scholarships and other financial aid programs, and career counseling. In addition, program participants receive help with completing and submitting admissions and financial aid applications.

Five EOCs serve Kentucky with 14 offices across the state. A complete listing, including the counties each office serves, is on page 10.

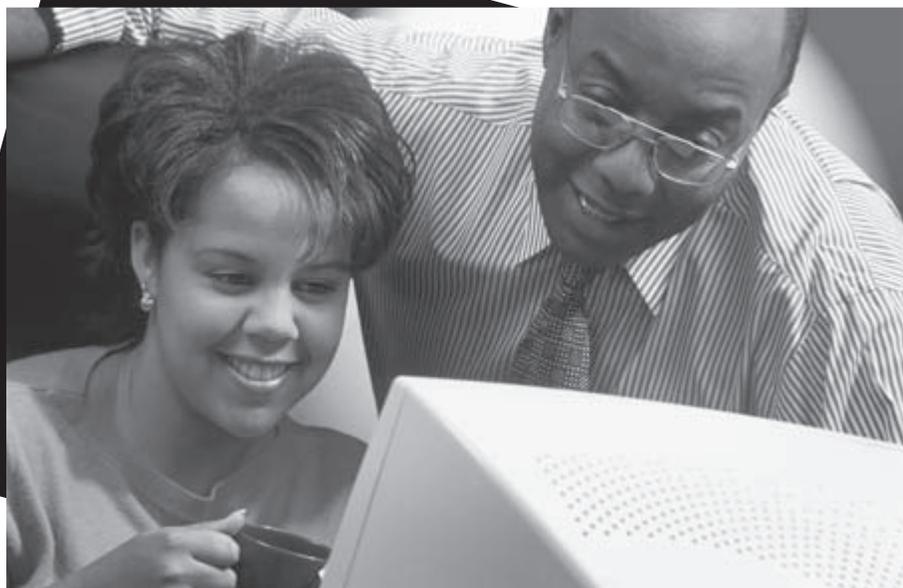

There are also five TS centers in Kentucky. They are listed on page 11.

## Chapter 3

# Selecting a School

Choosing a school without considering whether it fits your needs is like buying an airline ticket, boarding the plane and taking off — without knowing your destination.

You have to do some comparison shopping to decide which school is right for you.

The variety of college options means almost any student can find the right school. Kentucky has more than 80 colleges and trade schools, many of them with branch campuses. Tuition and required fees for full-time attendance range from about \$2,616 at community and technical colleges to \$21,000 at private colleges each school year. Other costs depend on whether you live on campus or have a long commute to the campus.

Schools must make costs available in writing if you ask. But you have to check the quality of the school and its educational program. Don't be afraid to ask questions, because reputable schools understand your cautious attitude and will gladly explain their programs and policies. You'll invest a great deal of time and money in your education, so it's well worth the effort to get the information you need to make wise decisions.

The School Evaluation chart on page 24 may help you select a school. Some of the answers to the questions in the evaluation are provided in Part III, which has

information about most of Kentucky's colleges and trade schools. If you don't find the answers to your questions, contact the school.

## Points to Consider

As an adult, you may want to find out if the school(s) you're considering can provide you with information about:

- Child care.
- Evening and weekend classes.
- Tutoring.
- Transportation.
- Payment options.
- Percentage of nontraditional students.
- Academic programs (majors).
- Accommodations for a disability.
- Housing on or off campus.
- Distance learning.
- Credit for courses completed at another school.
- Transfer of courses to another school where you plan to enroll in the future.
- Graduation and job placement rates.
- Credit by exam.
- Credit for Armed Forces courses.
- Credit for life and/or work experiences.
- Credit for courses sponsored by business, industry and government.
- Availability of support services and counseling.
- Tuition-free classes for senior citizens.
- Minimum campus time required to complete program of study.

### Steps to help you select a school

- ◆ Visit the school's website. Website addresses are provided on the school pages beginning on page 94.
- ◆ Request and read the school's catalog.
- ◆ Visit the campus.
- ◆ Talk with former students.
- ◆ If the distance to classes is a problem, does the school offer correspondence or online courses?

# Types of Schools

You have several types of schools to consider. The types of schools vary depending on the kind and level of education or training provided.

## Public Universities

Generally, these provide the greatest variety of programs. All offer undergraduate and graduate degrees, and some offer professional degrees in medicine, dentistry, law and other fields. Some also offer associate's degrees.

If you want a great education for less money and don't mind having some large classes, this might be just the place for you.

## Private Colleges and Universities

If you like smaller classes and greater access to faculty, you might want to consider one of Kentucky's private universities and colleges.

These schools all offer bachelor's degrees, while some also offer associate's and advanced degrees. Some private schools have joint programs with public universities in specialized fields.

Private schools generally cost more than public universities, but financial aid is available to help with the costs.

## Public Two-Year College

You may want to continue your education at one of the state's community and technical colleges. You can follow several paths there. One leads to an associate's degree that prepares you for finishing a bachelor's degree. Other paths prepare you for entering the workforce. These can take from six months to two years to complete. Courses you take at community and technical colleges can transfer to a four-year college for credit if you want a bachelor's degree.

A big advantage of going this route is that you can usually find a two-year school near you, meaning you can save money by living at home.

## Career and Trade Schools

If you're looking for a fast track to a career, one of these might be your best choice. Career and trade schools, which are more properly called proprietary schools, are privately owned and licensed. They offer programs in business, trade, technical, industrial and related areas. Some schools offer only one area of study; others offer programs in several areas.

## Distance Learning

Distance learning lets you take courses and even earn degrees without the traditional on-campus experience. The term includes courses and degrees offered through television, correspondence, CDs, interactive satellite and the Internet.

Online courses are offered through the Kentucky Virtual University. Another possibility is the Electronic Campus of the Southern Regional Education Board. KET offers telecourses for college credit. For more information about these options, see page 23.

Some schools also offer classes at locations other than their main campus, meaning you may find some offered where you live. Check with the college admissions office for more information.

## Transfers Between Public Colleges and Universities

If you plan to start college at one public school and transfer to another, use the Kentucky transfer tools to help you transfer your course work more easily.

If you're just starting college or you're returning to college and haven't decided on a major, check out the **General Education Transfer Policy** at [GoHigherKY.org/planning/transfer](http://GoHigherKY.org/planning/transfer). With proper planning, you can transfer general education credits to any public university in Kentucky — without losing credits.

If you've picked your area of study, a **transfer framework** may be right for you. These frameworks guarantee that at least 60 hours of course work will transfer to any public university in Kentucky that offers your chosen major.

Some schools have special transfer arrangements that let students who complete an associate degree transfer credits to a bachelor's degree program at a public university in Kentucky. Check with a college advisor to find out what works for you.

To plan your college course work and make sure you're taking the right courses, check out the **Course Applicability Systems (CAS)** at [GoHigherKY.org/planning/transfer](http://GoHigherKY.org/planning/transfer).

You should also consult college catalogs and your advisor or counselor to learn more about what's required for your major. You can also find information about transferring at [GoHigherKY.org](http://GoHigherKY.org) under "plan for college" or at [www.cpe.state.ky.us](http://www.cpe.state.ky.us) under "For Students."

## Online Learning

You can earn certificates and degrees online through the **Kentucky Virtual University (KYVU)**, the state's official virtual campus. The courses and programs are offered by schools in Kentucky and other states and are accessed by logging on to [www.kyvu.org](http://www.kyvu.org).

If you register through KYVU, you'll be billed and will make payments to the school that offers those courses. You will receive your certificate or degree from the school that offers the program. KYVU offers online registration; technical support 24 hours a day, 7 days a week; and a call center with evening and Sunday hours.

**The Kentucky Virtual Library (KYVL)**, an online library, is available 24 hours a day, 7 days a week, and offers full-text online periodicals and electronic databases. If you have a library card from a Kentucky library, you can access KYVL's databases. For more information, visit [www.kyvl.org](http://www.kyvl.org).

If the program you're looking for isn't available from KYVU, it may be offered through the **Southern Regional Electronic Campus**. The Electronic Campus is a service of the Southern Regional Education Board (SREB), of which Kentucky is a member.

For more information about the Electronic Campus and a list of programs, visit [www.electroniccampus.org](http://www.electroniccampus.org). For more information about the Southern Regional Education Board, visit [www.sreb.org](http://www.sreb.org).

If you're taking online courses, you need to check with the school about financial aid. Federal rules are different but are changing.

**For more information about KYVU and an up-to-date list of programs contact the Call Center toll-free at 877.740.4357**

# School Evaluation

<b>Instructions:</b> If you're considering more than three schools, photocopy this page before proceeding. Select the schools for evaluation and write their names on the slanted lines. Answer the questions for each school. (If the answer is "yes," make a "✓" in the column. If the answer is "no," make an "X" in the column.) What are your findings?		
		Does the school offer the educational program you want?
		If you're admitted to the school, are you also admitted into the educational program you want?
		Is the school accredited by an agency accepted by the U.S. Department of Education (e.g., Southern Association of Colleges and Schools, Council on Occupational Education, Accrediting Commission of Career Schools and Colleges of Technology, National Accrediting Commission of Cosmetology Arts and Sciences, American Association of Bible Colleges)?
		Is the school licensed or approved by the appropriate state government agency (e.g., Council on Postsecondary Education, State Board for Proprietary Education, State Board of Hairdressers and Cosmetologists, State Board of Barbering, Kentucky Board of Embalmers and Funeral Directors)?
		Is the school approved for federal and state financial aid programs?
		Does the school have the resources to provide you the education you need to be successful in the work force? Look for up-to-date training devices, developmental course work and/or tutorial assistance, general education courses (e.g., English and math), educational qualifications of the faculty, and library holdings and resources related to your field of study.
		Will completion of the educational program qualify you for a job? An exam and/or apprenticeship may also be required. If a licensing examination is required for employment in your career field (e.g., nursing, cosmetology, or law), do a high percentage of the school's graduates pass the exam?
		Does the school have a job placement program? Is it free? Are a high percentage of graduates placed in jobs? Recent graduates and potential employers can help you answer these questions. A good school will give you a list of contacts.
		Does the typical starting salary for a new graduate of the school's educational program compare favorably with that of graduates from the same educational program at other schools? Does it meet with your expectation? If the school provides such data, ask to see detailed statistics substantiating the school's claim.
		Does the enrollment contract (if required) clearly indicate the complete cost of your course of study? Are all necessities (books, room and board, transportation, tools, uniforms, etc.) included in the cost? Schools must make printed cost-of-education information readily available to prospective students upon request.
		Does the enrollment contract contain language to protect you if the school closes or discontinues your program? Call the Better Business Bureau in the area to find out if the school has had problems.
		Does the school have a printed refund policy? Good schools have a reasonable refund arrangement for students who withdraw from school.
		Does the school have a low withdrawal rate? A high rate may be a warning sign.
		Will credits earned at one school be acceptable for transfer to another? If you plan to enter one postsecondary institution but transfer to another institution later, will your credits transfer?
		Does the school have a low student loan default rate? Call the U.S. Department of Education at 800.433.3243 to check a school's default rate. A high default rate may be a warning sign.

## Chapter 4

# Admissions and Entrance Tests

Before seeking admission, you may want to contact the office for adult services (if one is available), make an appointment with a career counselor and take personality and vocational tests. If you haven't already done so, you should inquire about the topics mentioned in *Selecting a School* on page 21.

### Steps for Admission

The names, addresses and telephone numbers of the admissions offices of Kentucky colleges are in Part III, along with other admissions information and the website address for each school.

To avoid unpleasant surprises and make the admissions process as smooth as possible, you should:

- Contact the admissions office to request:
  - A school catalog. Many of the following items may be covered in the catalog.
  - A school calendar.
  - A list of admissions requirements for adult students.
  - Important telephone numbers.
  - The cost of attendance.
  - Financial aid information.
  - A list of pre-enrollment fees and deposits.
  - Applications for admission and housing (if you're going to live on campus).
  - Information related to your field of interest.
  - Registration information.
  - Information about required entrance exams and/or the validity of old entrance exam scores. (See *Entrance/Placement Tests*, beginning on page 30.)
  - Orientation program information and special counseling/assistance for adult students.
  - Answers to your questions.

- Read all instructions and forms carefully and follow directions exactly.
- Ask for help if you don't understand something. If you have several questions or concerns, write them down and call for an appointment to discuss them with a counselor.
- Take all required tests. What are the deadlines for submitting test results for admission? Follow up with the school to be certain it has copies of your results.
- Find out the deadlines for applications and forms, and mark them on your calendar.
- Complete and return paperwork by deadlines.
- Keep copies of all forms you sign and note the date they are mailed on your calendar.
- Get information about registering and paying for classes.

## Sample Applications

Once you've found the right school for you, applying will be the next step. The following sample applications will familiarize you with the types of information you'll be asked to provide. Many applications will ask about high school activities, but you can also provide information about activities since you have been out of high school. Each school's application will vary. Private four-year schools may require more information, including an essay. Two-year colleges may require much less. Many schools now accept online applications through GoHigherKY.org.

# Important Tests

Standardized tests measure knowledge and abilities. Below are brief descriptions of some of these, followed by a chart of test dates. Contact a counselor at the school you're interested in attending to see which tests are required or accepted. Keep in mind that the entrance/ placement tests and tests for college credit described below are not accepted at all schools. Remember that the Kentucky Educational Excellence Scholarship (KEES) bonus award is based on your highest ACT or SAT composite score if you are eligible.

## Entrance/Placement Tests

The **ACT** is required or accepted at all public and private colleges and universities in Kentucky. It contains multiple-choice questions in English, math, reading and science reasoning. There is an optional essay writing test. The scores range from 1 to 36. For more information, visit [www.actstudent.org](http://www.actstudent.org).

The **SAT** has three sections: critical reading, math and writing. The **SAT Subject Test** consists of one-hour tests in specific subjects. Check with the school you plan to attend to see if any are required. For more information or to register online, visit [www.collegeboard.com](http://www.collegeboard.com).

The **ACT ASSET** is a series of short placement tests. It's used primarily at community colleges. For more information, visit [www.act.org/asset/index.html](http://www.act.org/asset/index.html).

The **ACT Computerized Adaptive Placement Assessment and Support System (COMPASS)** is a series of tests in mathematics, reading, writing skills and English as a second language which helps pinpoint strengths and weaknesses in particular areas. COMPASS is accepted or required by some two-year schools. For more information, visit [www.act.org/compass/index.html](http://www.act.org/compass/index.html).

The **Career Programs Assessment (CPAt)** measures basic skills in language, reading and arithmetic and it takes about an hour to complete. Trade schools use this test. For more information, visit [www.act.org/cpat/index.html](http://www.act.org/cpat/index.html).

The **Graduate Management Admission Test® (GMAT®)** is often required for admission to a graduate school of business or management. The GMAT measures higher order mathematical, verbal and analytical writing skills that are developed over a long period of time. It is specifically designed to help graduate schools of business assess applicants for advanced study in business and management. For registration and general information, write to the Graduate Management Admission Council, 1600 Tysons Blvd., Suite 1400, McLean, Va., 22102; call 866.505.6559; or visit [www.mba.com](http://www.mba.com).

**Graduate Record Examinations (GRE)** scores are used by graduate and professional schools and fellowship sponsors to help them evaluate students' potential for graduate study. The General Test is offered on computer throughout the year at test centers in the U.S. Subject tests measure achievement in particular fields and are offered only at paper-based administrations in November, December and April. For registration and general information, visit the GRE website at [www.ets.org/gre](http://www.ets.org/gre);

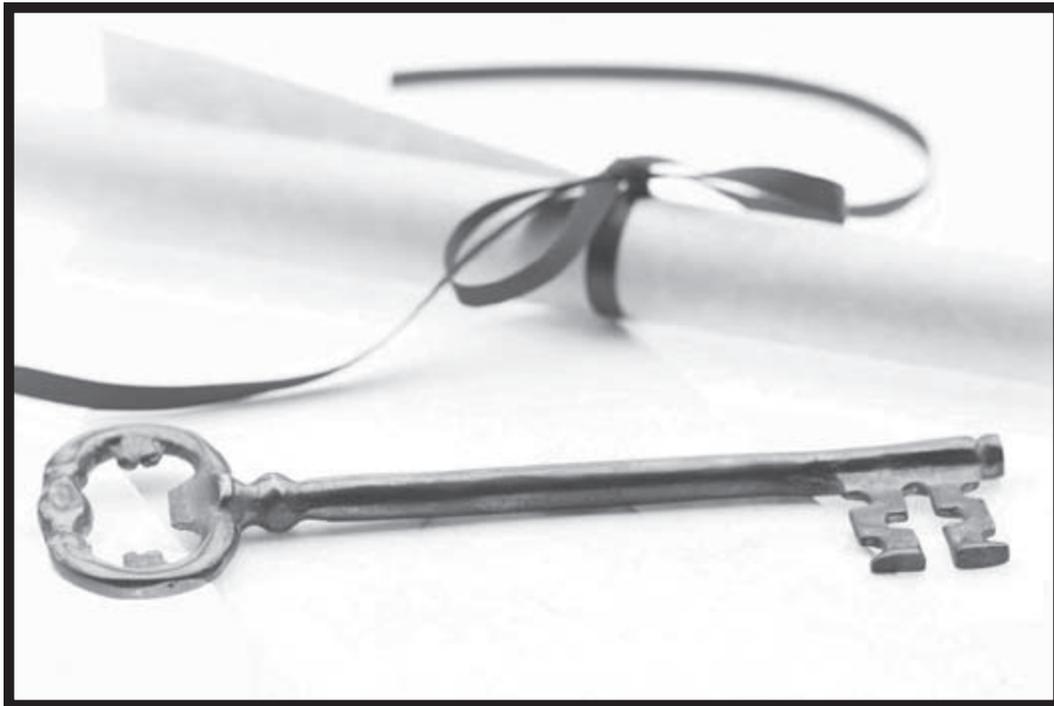

write to Graduate Record Examinations, Educational Testing Service, P.O. Box 6000, Princeton, NJ 08541-6000 or call 866.473.4373. TTY users may call 609.771.7714. In the fall of 2007, the GRE Program will introduce significant changes to the General Test. Visit the GRE website for up-to-date information regarding the changes and to view sample questions.

### Tests for College Credit

**The College-Level Examination Program® (CLEP®)**, which offers tests for many subjects taken during the first two years of college, lets you get credit for or get out of taking certain undergraduate courses. Visit [www.collegeboard.com/clep](http://www.collegeboard.com/clep) for more information.

**The Special Technical Educational Proficiency (STEP) Examination** gives KCTCS students the chance to show mastery of course content and receive credit for the course by scoring at least 70 percent on the exam. No letter grade will be given for the course, and the student may take the exam for a course only once. There is a \$20 fee for a written exam and a \$40 fee for a lab exam.

Some colleges let students take an “institutional challenge exam” for credit in courses offered at the school. A student who does well enough on the exam can receive credit for the course without attending the class. Ask the colleges you are considering if this option is available.

## **Paying for College**

This section focuses on the cost of your higher education and how you'll pay for it. College may be one of the biggest investments you'll ever make. You should become familiar with the programs and process for paying for your schooling. Financial aid is available to help many students with college costs.

You'll make a significant investment of your time in obtaining a college degree or technical education. Make sure your program of study will pay you a good return on your investment!

## Chapter 5

# Making Higher Education More Affordable

### Be an Informed Consumer

Because you'll invest considerable time and money in your education, you need to be an informed consumer. If you're enrolling in a two- or four-year college, you'll probably receive a bill for tuition and fees before each semester or quarter begins. This is usually due on or before registration for classes. Any financial aid you receive for that term is usually credited to your account at that time.

Trade schools may charge tuition and fees for the entire program at the beginning of the program. Your financial aid award, however, will usually be divided into at least two payments — one at the beginning of the program, the second after you've completed half of the program.

Most schools will first use your financial aid award to pay tuition, fees and other charges. If any remains, the school must give it to you to help you pay your living expenses.

You should find out if you get a refund if you withdraw from school. No one plans to withdraw, but serious illness can put you so far behind that you have no other choice. Or you may decide the program isn't right for you.

Every school that participates in federal student aid programs must have a written refund policy and must give you a copy of the policy if you ask for one. Have it in writing before you begin school. If you withdraw, you may have to refund all or some of your student aid. Usually the refund will be used first to repay your student loan, then any grant or scholarship programs from which you received funds. If you must withdraw, notify the school immediately.

Read all contracts and paperwork carefully. If a school representative promises you things, be sure they are written into the contract so there will be no misunderstanding later.

### Cutting Costs

The cost of your education includes billable expenses (tuition and fees, room and board) and nonbillable expenses (transportation, books, supplies, laundry, clothes, child care and other personal expenses). The 2006–2007 estimated billable costs for most Kentucky colleges and trade schools are included in Part III, beginning on page 94. For out-of-state schools, consult *The College Cost Book* or *The College Handbook* in your public library.

Following are just a few possibilities for cutting costs or making college more affordable. Not all of these may be options for you; check with your school to find out. Depending on your situation, you may think of other cost-cutting ideas.

- Take extra classes to reduce the time required to complete your program of study. By taking a heavier class load each semester and taking classes during summer sessions and/or the mini sessions many schools have between spring and summer sessions, some students complete four-year degrees in three years.
- Take College-Level Examination Program (CLEP) tests and receive college credit. See Chapter 4 for more information.

- If you took Advanced Placement (AP) courses in high school, find out if you're eligible for AP examinations. At some schools, a good grade on an AP exam can earn you course credit.
- See if you can get credit for life or work experiences or courses offered by business, government, the Armed Forces and other organizations.

- See if your employer has a tuition assistance program for employees and if you're eligible.
- Find out if you qualify for a part-time job through a work-study program or co-op education that allows you to study one semester and work the next.
- Attend a community college and live at home. Make sure you take courses that will transfer and count toward your degree. See Chapter 3 for more information.
- Take online, correspondence courses or telecourses. For more information, see Chapter 3.

- Instead of buying textbooks at the college bookstore, go online and check out sites such as amazon.com. If possible, buy used textbooks instead of new ones. If you're not going to keep the textbook, try to sell it yourself to someone taking the same class next semester. You'll get more for it than you will if you sell it back to the bookstore.
- Apply for student aid.
- If the school you'd like to attend is out-of-state, check with the financial aid office to see if it has a reciprocal tuition plan that lets out-of-state students pay tuition at in-state rates.
- If you're interested in a major that isn't offered at a Kentucky public university, check to see if the program is offered at an out-of-state school participating in the Academic Common Market. See Chapter 6 for more information.

### Payment Options

Some schools don't require full payment when you register. You may be able to make payments on a regular basis. Using credit cards to make payments is another possibility. Check with the business office to see what options are available.

# Where to Find Financial Aid

There are many things you can do to increase your chances of receiving financial aid to help pay college expenses. KHEAA and The Student Loan People offer the following tips.

- ▶ **Talk with financial aid officers at the schools you're interested in attending.** They can inform you about aid programs available through the school. See Part III for names, addresses and other information.

- ▶ **Visit [www.kheaa.com](http://www.kheaa.com),** which features information about KHEAA financial aid programs and services, KHEAA publications and links to other financial aid sites. You can also access the most current information about your KHEAA grant, loan or KEES award.

- ▶ **Search for free information about scholarships and other student aid sources.**

KHEAA suggests the following activities:

- Consult *Affording Higher Education*, a KHEAA book with nearly **4,000** sources of student aid for Kentucky students. Copies are available at public libraries and counselor offices and on [www.kheaa.com](http://www.kheaa.com).
- Read *Funding Education Beyond High School: The Guide to Federal Student Aid* a U.S. Department of Education (ED) handbook about student financial assistance. Copies should be available at public libraries, counselor offices, and online at <http://studentaid.ed.gov/students/attachments/>

[siteresources/StudentGuide.pdf](http://siteresources/StudentGuide.pdf). For more information, call the ED's Federal Student Aid Information Center at 800.4FED.AID (800.433.3243) or visit [www.ed.gov](http://www.ed.gov).

- Watch newspapers for scholarships offered through local community service organizations, businesses, clubs, unions, churches, fraternal groups, etc., and contact them for more information.
- Write to organizations connected with your field of interest that may have financial aid available. These organizations are listed in directories of associations available in public libraries.
- Check with community organizations and civic groups such as the American Legion, YMCA, 4-H Club, Kiwanis, Jaycees, Chamber of Commerce and Girl or Boy Scouts. Foundations, religious organizations, fraternities or sororities and town or city clubs are other possible sources of aid.
- Visit the National Association of Student Financial Aid Administrators' website at [www.nasfaa.org](http://www.nasfaa.org). This site includes the full text of the publications *Academics: You Can Do It*, *Financial Aid: You Can Afford It* and *Cash for College*; has links to many related sites; and can lead you to information about scholarships, scams and personal finances.
- Check with your public library about publications and reference materials that detail sources of financial aid.

**Hop onboard KHEAA's College Info Road Show.** This mobile classroom visits Kentucky schools and community events and provides materials, publications, live Internet access, a guided tour through the interactive [GoHigherKY.org](http://GoHigherKY.org) website and information from financial aid experts. Take advantage of these free services when the College Info Road Show visits your area.

- **Learn about low-interest loans.** You should first seek aid that you don't have to repay. However, most financial aid packages prepared by schools contain student loans. That means you need to learn as much as you can about the benefits offered by lenders. Different lenders offer different benefits. Some of those benefits come when you take out the loan, such as lower origination and guarantee fees, which means more money for you to pay for educational expenses. Others come when you're paying back the loan, such as lower interest rates and loan forgiveness if you provide a service, such as teaching or nursing. You need to find the lender whose program best suits your situation. KHEAA administers the Federal Family Education Loan Program (FFELP), the largest student loan program in the state. Detailed descriptions of FFELP and other programs can be found in Chapter 8.

# GoHigherKY.org

You can now check out tons of college information at one website. By going to **GoHigherKY.org**, you can explore Kentucky schools, enter your preference of enrollment size, student-to-faculty ratio, costs and other criteria to get the best college fit. **GoHigherKY.org** is **FREE** and each month for the rest of 2006, students who set up new accounts will be entered in a drawing for an iPod.

Search through colleges and universities in Kentucky to find the one that best suits your needs at the **select a school** tab.

Apply for admissions to Kentucky colleges. Soon you'll be able to attach your transcript to your application at **apps & transcripts** tab.

Financial aid is the money you receive from a variety of sources to cover the cost of your education. The good news is that, regardless of income, most people are eligible for some form of financial aid. Get detailed information on scholarships, grants and loans by clicking on the **paying for college** tab. You will also be able to transfer your *myGoHigher* information directly to FAFSA online.

The **career center** tab directs you to help in identifying and preparing for a career that suits your interests, skills and abilities. In this section, you can become acquainted with a variety of careers and acquire tips on choosing your career path.

Are you thinking about returning to college or enrolling for the first time? Millions of adults who delayed college are now enrolling. Or perhaps you're thinking about taking courses online. Find out all you need to know in one convenient place by clicking on the **adult education & e-learning** tab.

If you plan on attending a 2-year college but might be interested in going on to get your bachelor's degree later, be sure to click on the **transfer planning** to find out how best to plan your courses. Transfer tools, online transfer help and transfer frameworks are available to help you with your planning.

Your *myGoHigher* account is a personalized portfolio that stores your high school grades, college preferences and contact information. Creating an account is simple, fast and free. To sign up click on the **my GoHigher** tab.

# Don't Get Caught by a Scam

Don't be taken in by something that looks too good to be true. Let us help guide you around the trap of scholarship scams.

You will probably need financial aid to help pay for college. The money is out there, but make sure your sources are reliable or you could find out the hard way that not everyone is honest!

Be wary of any company that offers to do the work for you — at a price, of course. It sounds so easy: Just fill out a form and sit and wait for all these scholarships to fall in your lap. Scholarship search companies may charge hundreds of dollars to give you a list of scholarships for which you can apply.

There are some easy steps you can take to get the same information for free.

## STEP 1

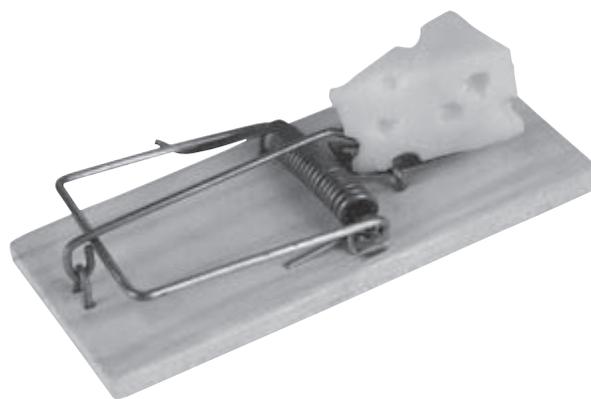

Start with your guidance counselor, who can help you find many sources of student aid for which you may qualify.

## STEP 2

Contact someone in the financial aid office at each school you're considering. That person can tell you about the financial aid programs offered by the school.

## STEP 3

You should also attend any free financial aid workshops sponsored by your high school, local colleges and universities or the Kentucky Association of Student Financial Aid Administrators, such as College Goal Sunday. Don't confuse these free events with events sponsored by companies that offer services for a fee.

## STEP 4

Before paying a fee for financial aid information, check out the company by contacting the Better Business Bureau; the Kentucky Attorney General's office, Consumer Protection Division, 1024 Capital Center Drive, Frankfort, KY 40601, 888.432.9257, <http://ag.ky.gov/consumer/>; or the Attorney General in the state where the company is located.

## STEP 5

Check out the Internet. It can help you find scholarship sources. You can do that yourself by accessing any of several **free** scholarship search sites available on the Web. [GoHigherKY.org](http://GoHigherKY.org) has a free scholarship search feature.

If you're going to use the Internet, remember that websites are not regulated by any agency. It doesn't take much to start a fantastic-looking website, so you can't judge the site simply by the way it looks. A scam artist can set up a website, take people's money for a few weeks, shut down the site and disappear.

**There are no processing fees involved with filing the FAFSA. If someone calls and tells you that you've been approved for a grant and says you need to pay a processing fee, they're scam artists.**

Don't gamble with your future. The Federal Trade Commission cautions students to be especially skeptical about scholarship search companies and sites that make these claims:

***“You’ve been selected by a national foundation to receive a scholarship.”***

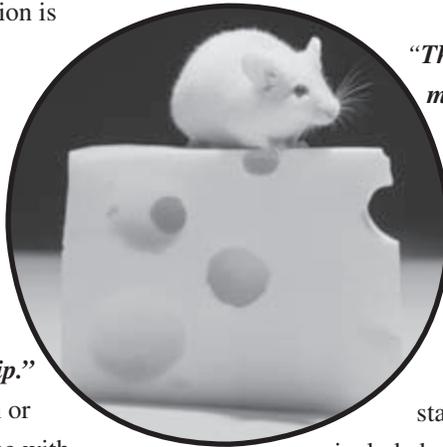

Visit the website of The Foundation Center, [www.fdncenter.org](http://www.fdncenter.org), to find out if the foundation is legitimate.

***“We’ll do all the work.”***

The company may send you a long list, but you’ll have to fill out all the applications.

***“I just need your credit card or bank account number to hold this scholarship.”***

**NEVER** give these numbers to a person or company you’re not sure about. Someone with your credit card number can charge something to your card, and someone with your bank account number can make withdrawals — without your knowledge.

***“This scholarship will cost some money.”***

Some legitimate scholarships do have up-front fees, but they shouldn't be more than \$5 to \$10.

***“The scholarship is guaranteed or your money back.”***

Read the fine print. To get a refund, you may have to receive a letter of rejection from **every** source on their list. That may be impossible to do if a scholarship on the list is no longer offered. Some unscrupulous companies even give you sources that don't exist. The fine print may state that **all** types of student financial aid are included, so if you get a loan and no scholarships, you still can't get your money back.

***“You can't get this information anywhere else.”***

Nearly all the information can be found by working a college financial aid officer, visiting the public library or doing a free online scholarship search.

For more information about scholarship frauds, check out these websites:

**Federal Trade Commission, [www.ftc.gov](http://www.ftc.gov)**

You can also file a complaint with the FTC by calling toll free 877.382.4357 or submitting an online complaint form available on the FTC website.

**National Fraud Information Center, [www.fraud.org](http://www.fraud.org)**

This site provides information on how to spot, stop and report a scam. You can report one online or call the center toll free at 800.876.7060.

**FinAid, [www.finaid.org/scholarships/scams.phtml](http://www.finaid.org/scholarships/scams.phtml)**

This is another site that provides information on how to identify and report scams.

Remember, however, that the absence of complaints may not mean the company or foundation is legitimate — it may just be so new that no one has filed a complaint yet.

## Your Tools for Comparison

You've been accepted by more than one school. How do you know which school is offering you the best financial aid package? What if the school you want to attend costs more than another one? Is there a possibility that after applying all your awards, you might be able to attend the school of your dreams instead of settling for another one? There's one way to find out: Compare the award letters.

An award letter will usually show the total cost of attendance — what it costs to go to that school for one year, including tuition, fees, room, meals, books, supplies, transportation and personal expenses. It may also show how much you are expected to pay toward those costs, the expected family contribution (EFC). The EFC is subtracted from the total cost of attendance to get your financial need.

The letter will then list various sources of financial aid offered to pay for the costs not covered by the EFC. You can accept or reject any or all of those proposed sources.

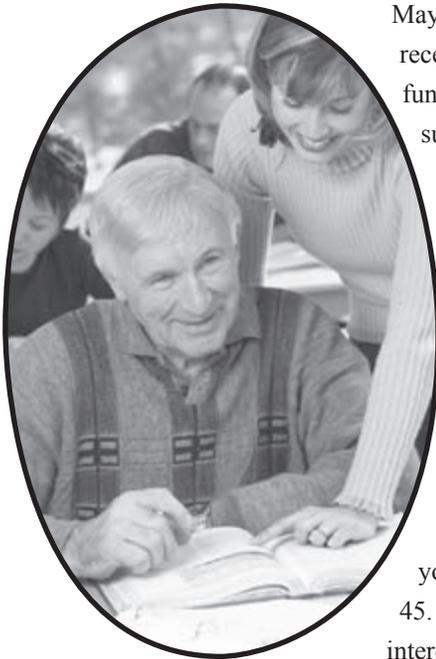

Let's look at sample awards from two four-year colleges. These are purely fictional.

Financial Need	School A	School B	Awards	School A	School B
<b>Total Cost</b>	<b>\$12,500</b>	<b>\$17,500</b>	School Grant	0	0
EFC	5,000	5,000	Federal Pell Grant	0	0
Local Scholarship	500	500	State Grant	1,400	2,000
Financial Need	7,000	12,000	Federal Perkins Loan	1,500	3,625
			Federal Stafford Loan	4,100	4,375
			<b>Total Award</b>	<b>7,000</b>	<b>12,000</b>
			<b>Unmet Need</b>	<b>0</b>	<b>0</b>

There are some things that you need to take into consideration. One of these is what your total debt load will be after four years of school.

School A's package includes \$5,600 in student loans. That's 80 percent of the total package. Over four years, that adds up to \$22,400 in loans you'll have to pay back. School B's package, on the other hand, includes \$8,000 in student loans, which is 66.7 percent of the total package, less than School A's percentage. But over four years, that adds up to \$32,000 you'll have to repay.

Something else to consider is that you and your family are expected to come up with \$5,000 (the EFC). If you have that money, either from your income or savings, that's great. If you don't have that kind of money, you'll have to get it from somewhere, most likely through a loan. You have various loan sources available such as the Federal PLUS Loan and private loans like The Student Loan People's Advantage Loan. See page 65 for more information about PLUS Loans.

Maybe you've applied for other scholarships but won't know if you've won one until after receiving the award letter. You need to see how each school handles additional scholarship funds. Some will decrease the school grant by that much, while others will decrease both suggested loans and grants. That can make a big difference in how much you will have to pay back.

Let's take one more look at our sample packages. Let's suppose that School B didn't give you a school grant. In that case, the unmet need would be \$2,000. That's called a gap — the difference between the aid the school is offering and how much financial need a student has. Again, that's money you'll have to come up with if you choose School B.

Maybe the school of your dreams is a possibility; maybe it isn't. So, don't sign an award letter without comparing it with all your other options. One of the tools you can use to find out which school is making you the best offer is the chart on page 45. Use it to compare the financial aid packages of all the schools in which you have an interest.

## Comparing Costs

When it comes to comparing the costs of various colleges, remember that on the broadest level, costs are divided into **billable** costs and **nonbillable** costs.

**Billable** costs are what you have to pay to start college. At the least, they include tuition and fees. If you're going to live in school-provided housing, billable costs will also include room and board. They're called "billable" because the school will bill you for them.

**Nonbillable** costs include everything else — textbooks, supplies (such as pens and notebooks), transportation and personal items (soap, shampoo, clothes, entertainment, laundry, etc.).

It's in the room and board and the nonbillable costs that you can save money, sometimes lots of money, by smart shopping. Textbooks are expensive, so you can save money by buying used books whenever possible. You can buy many textbooks online. Instead of buying notebooks and pens at college bookstores, buy them at discount stores.

If you're going to a school nearby, you can save room and board by commuting from home. It's also possible to cut down on room and board costs by sharing an apartment with friends. However, some colleges require freshmen to live on campus their first year, sometimes first two years.

So, unless you don't have to worry about how to pay for college, it's a good idea to compare schools' billable and nonbillable costs when you're checking out colleges. Once you've done that, you and your family can sit down and discuss ways to save on nonbillable costs.

# Questions You Should Ask the Financial Aid Office

Let's look at what you need to know about costs and financial aid from the schools you're applying to.

First of all, you need to know what financial aid forms you have to fill out and what the deadlines are. You can pretty much assume you'll have to fill out the FAFSA, but some schools also have a form to fill out if you want to apply for school-administered aid programs. In fact, you should ask the financial aid office about any special aid programs it has in addition to state and federal programs.

Secondly, you need to know how much it will cost to attend each school for a year. For comparison purposes, you should ask the financial aid office to break the costs down by:

- Tuition.
- Fees.
- Room.
- Board.
- Books and supplies.
- Transportation.
- Personal expenses.

You should ask the financial aid office how it treats outside scholarships and how work-study will affect your bill. You should also ask if financial need will affect the school's decision about admitting you.

Other things you need to check on include:

- Whether your award will be reconsidered if your financial situation changes.
- Whether you can expect roughly the same financial aid package each year or if it includes one-time-only awards.
- How much of your package includes student loans.
- What the school expects the average student loan debt will be.

Finally, you should ask the financial aid office for a list of everything it needs from you if you accept the package: tax returns, acceptance letter, promissory note, applications, etc.

Remember that financial aid packages are, to some extent, negotiable. State and federal programs generally have limits on how much you can receive from them. Beyond that, though, many schools have their own funds. If you really want to go to a particular school but the financial aid package isn't quite what you want, talk with someone in the financial aid office. The school may be able to come up with additional funds.

# Financial Aid Packages

Take the time to fill out this form for a comparison of all the schools you're considering. This will give you an idea of what your best value is. Sometimes the most expensive schools have scholarships that will bring them in line with others. So don't limit yourself, consider all your choices and compare.

**Packaging of aid at most schools is tentative pending completion and verification of information on the financial aid application(s).**

## Chapter 6

# Paying for College

You've decided to go to college, so now you need to consider what your education will cost and how you'll pay for it. Don't rule out a school based on cost alone. Financial aid programs can help students pay for college. Although some financial aid program awards are based on academic achievement, athletic skill, musical ability or

other types of special talent, many awards are based on financial need.

A formula set by Congress is used to calculate financial aid. To find out what state and federal aid you qualify for, you need to fill out the Free Application for Federal Student Aid (FAFSA). There may be other forms you'll need to fill out, so be sure you check with the school before submitting your application.

When you're ready to make definite plans, get up-to-date cost figures directly from the school you plan to attend. Depending on the financial aid packages, it's possible for you to pay the same amount to go to a high-cost college as you'd pay to go to a lower-cost school. See the Package Evaluation form on page 45.

Did you know you might be able to go to an out-of-state school for the same cost as an in-state school? If the academic program you want is not available in Kentucky but is available in one of the **ACADEMIC COMMON MARKET** states, you may be able to attend there for the same cost as you would if you were a resident of that state.

About 150 schools from the following states participate in the Market at the undergraduate and graduate levels: **Alabama, Arkansas, Delaware, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Oklahoma, South Carolina, Tennessee, Virginia** and **West Virginia**. **Florida, North Carolina** and **Texas** participate at the graduate level. For information about and certification for the Academic Common Market, write to the KAPT Executive Director, KHEAA, P.O. Box 798, Frankfort, KY 40602-0798; call 502.696.7442; or visit [cpe.ky.gov/policies/academicinit/SREB/ACM.htm](http://cpe.ky.gov/policies/academicinit/SREB/ACM.htm) and click on the Academic Common Market program listing under Related Materials.

## Questions and Answers

### ***Who should apply for financial aid?***

You should. Don't assume you won't qualify for financial aid. You might be surprised.

### ***Who provides financial aid?***

Schools, state and federal governments, and private companies and organizations. But you and your family are responsible for meeting college expenses to the best of your ability.

### ***How is financial aid awarded?***

It's awarded on the basis of financial need (need-based) or on the basis of academic achievement, athletic ability, or other talents or abilities (merit-based). Most aid is need-based but is often awarded in combination with merit-based aid.

### ***Who coordinates the financial aid process?***

Generally, the school's financial aid office develops your financial aid package according to program guidelines and regulations. The financial aid package is usually a combination of grants, scholarships, work-study, and/or loans and depends on the availability of funds.

### ***Where can I get information about financial aid?***

The financial aid officers of the schools you're interested in attending, GoHigherKY.org and www.kheaa.com are good starting points. More information can be found in Chapter 7.

### ***How do I apply?***

If you're going to a public or private Kentucky college, university or trade school, you have to file the FAFSA to be considered for an award from the following major state and federal student financial aid programs: College

## **Types of Financial Aid**

**Grants:** Awards based on need that do not need to be repaid.

**Scholarships:** Awards based on some kind of special achievement, either academic, athletic or service. These are merit-based and do not need to be repaid.

**Work-study:** Part-time employment that lets a student earn money toward a college education either on or off campus.

**Student loans:** Money borrowed, either from a bank, the government or a school. A student loan must be repaid. However, low interest rates are available, and repayment doesn't start until you've either left school or graduated.

**Conversion scholarships:** Scholarships that require you to provide certain services for a period of time. If you don't, you have to repay the money with interest.

**Waivers:** An arrangement offered by some schools to eliminate certain costs for students who meet certain qualifications.

**Military benefits:** Financial aid offered to individuals (or their dependents) who were, are or will be in the U.S. armed forces.

**Prepaid tuition:** A contract guaranteeing fully paid tuition for a fixed number of credit hours at a participating school. You have to pay a certain amount up front.

**National service award:** An award received for education expenses in return for national or community service.

Access Program Grant, Kentucky Tuition Grant, Teacher Scholarship, Federal Stafford Loan (Federal Family Education Loan Program or Federal Direct Loan Program), Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Work-Study and Federal Perkins Loan.

You should check with the school you plan to attend to find out if other application forms are required. **Read the instructions on all applications carefully and follow them to the letter.**

### ***When do I apply?***

As early as possible. If you plan to attend a Kentucky school, submit your FAFSA as soon as possible after January 1 when you have your tax preparation data. If you're not considered an independent student (see page 49), your parents will have to provide information for the FAFSA. Students who complete and file the FAFSA early have the best chance of receiving financial aid for which they're eligible. Deadlines for financial aid programs vary. If you don't know the deadline, check with the financial aid office or the contact for program information.

### ***What is need analysis?***

Need analysis is a process used to determine if you qualify for student aid, what type you qualify for and how much. Financial need is usually the difference between your cost of education and the amount of money your family is expected to contribute. The formula is:

<p style="margin: 0;">Total Cost of Attendance (varies from school to school)</p> <p style="margin: 0;">– Expected Family Contribution (remains the same)</p> <hr style="width: 80%; margin: 5px auto;"/> <p style="margin: 0;">= Financial Need</p>
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

### ***How is my expected family contribution determined?***

The information on the FAFSA is used to determine what you and your family should reasonably be expected to pay toward your college costs. The formula set by Congress takes into account your family's prior-year income, current assets and expenses. Among the items considered are:

- Annual income
- Taxes paid.
- Social Security payments
- Social Security benefits
- K-TAP.
- IRA/KEOGH payments.
- Cash, savings and checking accounts.
- Real estate/investment equity.
- Number of family members attending college.
- Maintenance allowance based on size of family.

The result is your expected family contribution (EFC), which is the amount you and your family are expected to provide toward the cost of your education for that particular school year. The EFC of a dependent student is calculated on the basis of the student's and parents' resources. The EFC of an independent student is calculated on the basis of the student's own financial resources (and those of a spouse, if the student is married).

## ***Am I an independent student?***

You are if at least one of the following applies:

- You were born before January 1, 1983.
- You're married.
- You are or will be enrolled in a master's or doctoral program (beyond a bachelor's degree) during the 2006–2007 school year.
- You have children who receive more than half their support from you.
- You have dependents (other than your children or spouse) who live with you, receive more than half their support from you now, and will continue to receive more than half their support from you through June 30, 2007.
- You're an orphan or ward of the court (or were a ward of the court until age 18).
- You're a veteran of the U.S. Armed Forces. "Veteran" includes a student who attended a U.S. military academy who was released under a condition other than dishonorable.

If you claim to be an independent student, your school may ask you to submit proof before you can receive any federal student aid. If you think you have unusual circumstances that would make you independent even though none of the above criteria apply to you, talk with a financial aid officer at the school you plan to attend.

### ***What if I don't qualify this year?***

Reapply every year. Rules change and your financial situation can change. Because you're not eligible one year doesn't mean you won't be eligible the next.

### ***What is "satisfactory academic progress" mentioned in the eligibility criteria of some financial aid programs?***

To continue receiving aid under these programs, you must make satisfactory academic progress according to your school's policy. Federal rules require schools to monitor financial aid recipients to make sure they're making

progress toward a degree or certificate. The school's policy for students receiving financial aid must include both qualitative (grade point average) and quantitative (hours attempted-hours earned) measures. The law also specifies that by the end of the second academic year, you must have a "C" average or its equivalent or an academic standing consistent with the school's graduation requirements.

### ***What does financial aid cover?***

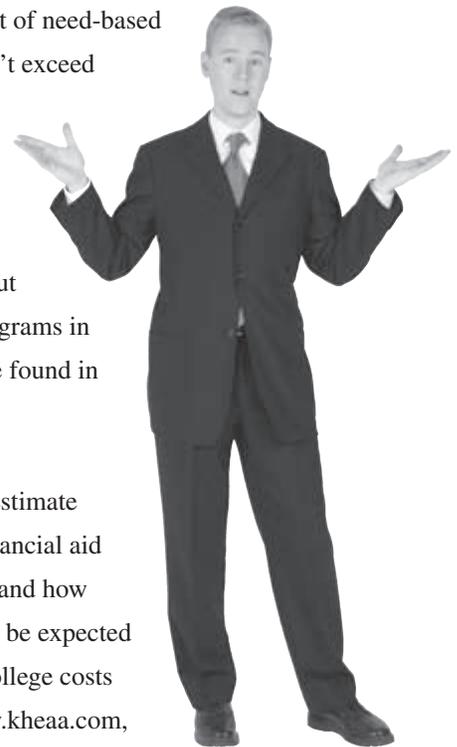

Financial aid must be used to pay the costs of education, which may include:

Direct Costs	Living Expenses
Tuition / Fees	Transportation / Housing / Food
Books / Supplies	Personal

### ***How much can I get?***

The total amount of need-based financial aid can't exceed the school's total cost of education minus the EFC. More information about financial aid programs in Kentucky can be found in Chapter 8.

You can get an estimate of how much financial aid you can receive and how much you might be expected to pay toward college costs by visiting [www.kheaa.com](http://www.kheaa.com), which has the interactive College Aid Calculator, developed by Think Ahead Inc. of Dresden, Maine. The calculator can estimate those figures for students of any age and residents of any state.

To use the calculator, you enter information about your financial situation without entering identifying information such as a Social Security number. The information is deleted as soon as the EFC is calculated.

You should remember that the calculator provides only an *estimated* EFC. Your exact EFC will be calculated when you submit the FAFSA. Tell the school's financial aid office about special circumstances that may affect your need for assistance.

### ***When will I know how much I will get?***

If you submit the FAFSA between January and April, you should be notified in late spring or early summer.

### ***What are Federal Family Education Loans and Federal Direct Loans?***

Federal Family Education Loans are student loans made by lenders and generally insured by agencies like KHEAA. Your loan application is certified and your loan disbursed through the school.

Federal Direct Loans are financed by the U.S. Department of Education using funds it borrows from the U.S. Treasury. The school administers the program.

By law, interest rates, fees, etc., are the same for both programs.

The type of loans available to you will depend on the school you attend. Check with the financial aid office for more information or see the financial aid section for the school you've selected in Part III of this handbook.

### ***What is an enrollment contract?***

Some schools use an enrollment contract to explain what you can expect the school to give you for your money. Read the contract carefully before you sign it. School representatives may promise you things that aren't in the contract, such as help finding a job. If they do, ask them to write the promise on the contract and sign and date it. If necessary, the school can add a separate sheet of paper to the contract, with the title "Addendum to [name of contract]." A promise is usually not enforceable in court unless it's in writing.

### ***If I have a GED, can I qualify for a Kentucky Educational Excellence Scholarship (KEES) award?***

If you receive a GED, you're eligible for a KEES bonus award if you:

- Were born in 1981 or later.
- Earn your GED within five years of reaching your 18th birthday. If you get your GED before you turn 18, you aren't eligible.
- Take the ACT or SAT at a national test site. Exams given at colleges, called residual exams, can't be used for KEES purposes.
- Have at least a composite 15 on the ACT or composite 710 on the SAT.

**The U.S. Department of Education operates a toll-free telephone service for students, parents and educators who have questions about federal student assistance programs. Call 800.433.3243 (800.4FED.AID). People who use a TTY or TDD device should call the Federal Information Relay Service at 800.730.8913.**

- Enroll in a participating college within five years of receiving your GED.
- Have not been convicted of a felony.
- Have to take the exam at a national test site.

***If I receive my GED and take the ACT or SAT, how will my scores be transmitted so I receive my award?***

When you begin attending classes, your college will report your ACT or SAT score and enrollment status to KHEAA, which will send your award, half each semester, to the college. The college will credit it to your account or issue you a check. You can contact KHEAA to find out if your score was reported.

***How much KEES can I receive for an ACT score of 15 or above?***

Below are the amounts for each ACT score.

<b>ACT Score</b>	<b>Bonus Award</b>	<b>ACT Score</b>	<b>Bonus Award</b>
15	\$ 36	22	\$286
16	71	23	321
17	107	24	357
18	143	25	393
19	179	26	428
20	214	27	464
21	250	28 or above	500

Amounts may change based on funding.

***Can I use the KEES award at any school in Kentucky?***

You can use it at most schools in Kentucky. For a complete list of schools, go to [www.kheaa.com/pdf/awardcolleges.pdf](http://www.kheaa.com/pdf/awardcolleges.pdf). If you're interested in a program of study not available in Kentucky, you may be able to use your award at an out-of-state college if approved for participation in the Academic Common Market. For more information, visit [www.cpe.ky.gov](http://www.cpe.ky.gov).

***How many years can I use the KEES award, and do I have to use it within a specified time?***

You can generally receive the award for up to eight academic terms in an undergraduate program. For most programs of study the award must be used within five years of receiving a GED or your date of high school graduation.

***Do I need to have a minimum GPA in college or technical school to keep the KEES award?***

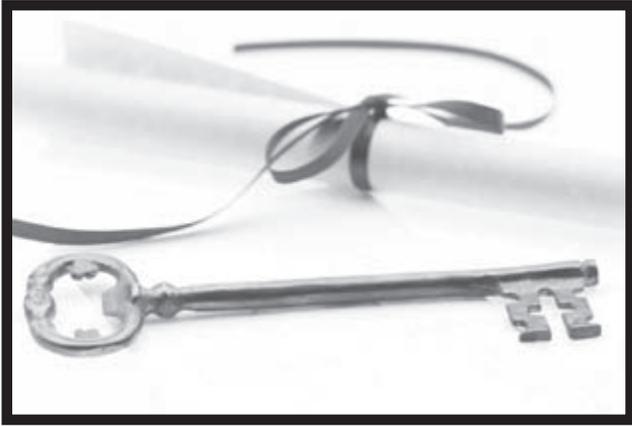

Yes. To keep the full award for the second year, you must complete the first year with at least a 2.5 cumulative GPA. After that, you must have at least a 3.0 cumulative GPA to keep the full award. If you have a 2.5 to 2.99 cumulative GPA after the second year, you get half your award the third year. If your cumulative GPA falls below 2.5, you lose the award for the next year. You can regain eligibility by bringing your cumulative GPA back up to at least 2.5.

***If I can only attend part-time, will I still receive the KEES award?***

Yes. If you enroll at least half-time (six credit hours or the equivalent) but less than full-time, you will receive a part of your KEES award. Remember: If you receive funds as a part-time student, you still use one full semester of KEES eligibility.

The award percentages based on the number of hours per semester you're taking are:

- 6 hours = 50 percent
- 7 hours = 58 percent
- 8 hours = 67 percent
- 9 hours = 75 percent
- 10 hours = 83 percent
- 11 hours = 92 percent

### ***How do I get in touch with KHEAA?***

Write to KHEAA at P.O. Box 798, Frankfort, KY 40602-0798; call toll free 800.928.8926; or visit [www.kheaa.com](http://www.kheaa.com).

### ***Are scholarships taxable ?***

If you attend college on scholarships, you should double-check the tax status of any financial aid with a tax advisor. The basic requirement for a scholarship to be tax free, known as a “qualified” scholarship, is that the recipient be a candidate for a degree.

A qualified scholarship is any amount used for tuition and required fees, books, supplies and equipment. Any amount received for incidental expenses is not a tax-free, qualified scholarship. Incidental expenses include expenses for room and board, travel, research and clerical help.

For more information, call the Internal Revenue Service (IRS) at **800.829.1040** or visit [www.irs.gov/pub/irs-pdf/p970.pdf](http://www.irs.gov/pub/irs-pdf/p970.pdf) to download the free Publication 970 *Tax Benefits for Education*. This and other free publications are also available from the IRS by calling **(800.829.3676)** or by visiting [www.irs.gov/formspubs/index.html](http://www.irs.gov/formspubs/index.html).

### ***What about tax credits and deductions?***

There are many ways you can save money on your taxes when it comes to paying for college.

The federal government offers the Hope credit, the lifetime learning credit, the tuition and fees deduction and the student loan interest deduction. Kentucky offers the Kentucky Tuition Tax Credit.

The tuition and fees deduction and the student loan interest deduction are adjustments to income. This means they reduce the amount of your income subject to tax and you can claim them even if you don’t itemize deductions.

Each of these credits and deductions has special rules and income limitations. For more information on these and other educational tax benefits, refer to Publication 970, *Tax Benefits for Education*.

You can order this publication by calling 800.829.3676 or downloading it from [www.irs.gov](http://www.irs.gov). For more information about these benefits, you can call the IRS at 800.829.1040.

### ***Hope Credit***

If you paid qualified education expenses for yourself, your spouse or a dependent, you may be able to claim a Hope credit. This credit is available for the first two years of college.

### ***Lifetime Learning Credit***

If you, your spouse or a dependent are enrolled in a degree program or are taking college courses to acquire or improve job skills, you may be able to claim a lifetime learning credit.

### **Kentucky Tuition Tax Credit**

Kentuckians can deduct a credit of 25% of the federal Hope or Lifetime Learning Credits up to \$500 for tuition or related education expenses for undergraduate enrollment at an eligible Kentucky college.

### **Tuition and Fees Deduction**

The tuition and fees deduction can reduce the amount of your income subject to tax. You may be able to deduct qualified education expenses paid during the year for yourself, your spouse or a dependent. The qualified expenses must be for college.

### **Student Loan Interest Deduction**

You can deduct up to \$2,500 per year on your federal taxes for interest you have paid on your student loan.

## **Remember**

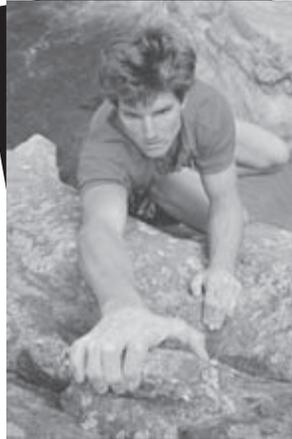

**Congress may change these and other tax laws at any time, so make sure you have the most up-to-date information by consulting your tax advisor or the IRS.**

## Chapter 7

# Completing the FAFSA

**Don't let the challenge of filling out the FAFSA defeat you. Here are some helpful hints that will simplify the process.**

**What is the FAFSA?** The FAFSA is the Free Application for Federal Student Aid, and it's the form you fill out before you can qualify for any federal or state student aid. The financial information provided on the form will automatically be sent to the schools listed on the FAFSA and to KHEAA.

### **Where do you get the FAFSA?**

The best way is to file the FAFSA online. You can apply for student aid over the Internet at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). A brochure titled *FAFSA on the Web* is available from the U.S. Department of Education (ED) by calling 800.4FED.AID (800.433.3243). If you have any questions about *FAFSA on the Web*, call 800.4FED-AID.

You're less likely to make errors filing electronically because your answers are edited automatically. Also, you'll receive your report 7 to 14 days faster than you will with a paper FAFSA.

If you don't have a computer or access to one, check to see if the school you plan to attend has electronic FAFSA capability. If so, you should be able to apply through the financial aid office by filling out the FAFSA and bringing it to the school. The school can then enter your information and transmit it to the ED Central Processing System.

The paper FAFSA is available from college financial aid offices or by calling the ED toll free at 800.433.3243. If you want to be notified when your paper FAFSA is

received, fill out the postcard in the FAFSA packet and put it in the return envelope with your FAFSA. When the application is received, the FAFSA processor will stamp the card with the receipt date and location and mail it back to you.

The school's financial aid office uses the information on the FAFSA to determine whether you're eligible for need-based financial aid and, if so, for how much and what type. From this information, the school will create a financial aid package for you. Each college you list on the FAFSA will consider you for financial aid and will notify you of its decision in late spring or early summer.

**At College Goal Sunday in early 2007, members of the Kentucky Association of Student Financial Aid Administrators will help students and parents complete the FAFSA. It will be held at sites across the state. Check [www.kasfaa.com](http://www.kasfaa.com) or watch your mailbox, local newspaper or guidance office bulletin board for more information.**

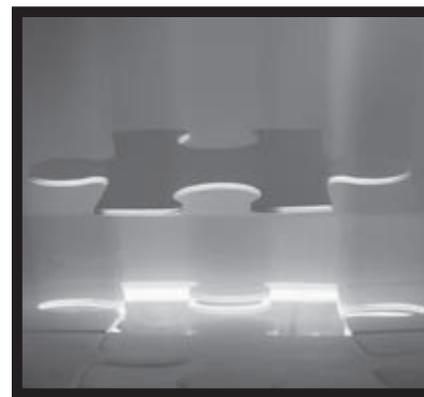

Parents and students learning about the FAFSA at a College Goal Sunday session in January 2006.

## FASFA—the important Puzzle Piece

KHEAA uses information from the FAFSA in making grant awards. As KHEAA receives data from the FAFSA central processor, students are sent grant notices instructing them to visit [www.kheaa.com](http://www.kheaa.com) to learn their grant eligibility at all schools listed on the FAFSA.

It's important that you fill out the FAFSA correctly in order to get all the money you qualify for. Use the following steps to help with this procedure.

**First:** Decide if you will complete the FAFSA electronically or on paper.

**Second:** Gather documents you will need to refer to in completing the FAFSA. These include the following:

- Your Social Security card and driver's license.
- Your W-2 forms and federal income tax return.
- Your parents' W-2 forms and federal income tax return if you are dependent.
- Records of other untaxed income received such as Social Security benefits, Temporary Assistance for Needy Families or veteran's benefits.
- Current bank statements and records of stocks, bonds or other investments.
- Business or farm records if applicable.
- Your alien registration card if you are not a U.S. citizen.
- A blank diskette if you're applying via FAFSA on the Web. You'll need it to save your data.

### Don't forget to:

- Read and follow the instructions carefully.
- Submit the FAFSA **as soon as possible after January 1 of your senior year** (when the family has its federal income tax preparation data) to make sure you have the best chance of receiving aid for which you're eligible.
- Keep copies of your FAFSA and a record of the date you submitted or mailed it.
- If you need to make corrections, follow the instructions on the Student Aid Report you receive in the mail and return it immediately for reprocessing.
- Read financial aid award letters carefully and comply with requests from schools for clarification or additional information as soon as possible.

Submit corrections or additional information to the USDE Central Processor, so KHEAA and the administrators of other federal and school-based programs will have the information too.

## Other Financial Aid Applications

- Check with the financial aid office of the school you plan to attend to find out if you should file any other applications.
- Read and follow directions. Filling out an application properly and neatly is important. You may be disqualified for failing to complete all questions, answering them incorrectly or missing the deadlines.
- Pay attention to mailing addresses and filing deadlines.
- Keep copies of everything you mail and a record of the dates you mail the materials. You might want to send your materials by registered mail, return receipt requested.
- Talk with your counselor about scholarships available in your community. If you think you may be eligible, apply for them.
- Check the school's catalog or website for descriptions of any additional scholarships or financial aid for which you may be eligible to apply. Website addresses can be found in Part III.
- Apply, apply, apply. By applying for several types of aid, you increase your chances of receiving enough to pay your school costs.

## Chapter 8

# Major Financial Aid Programs

The following pages list many of the major state and federal student aid programs available to Kentuckians. The application for many of these is the FAFSA, available at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) or from college financial aid offices. Help is available at [http://studentaid.ed.gov/students/publications/completing\\_fafsa/index.html](http://studentaid.ed.gov/students/publications/completing_fafsa/index.html).

Due to the ever-changing climate of student aid, programs may be discontinued or changed. For the most up-to-date information, check with your high school counselor or a financial aid officer at the school you plan to attend. For more information about KHEAA programs, call 800.928.8926 or visit [www.kheaa.com](http://www.kheaa.com). KHEAA awards millions of dollars each year to thousands of Kentucky students.

### Dependents of Deceased or Totally Disabled Kentucky Veterans

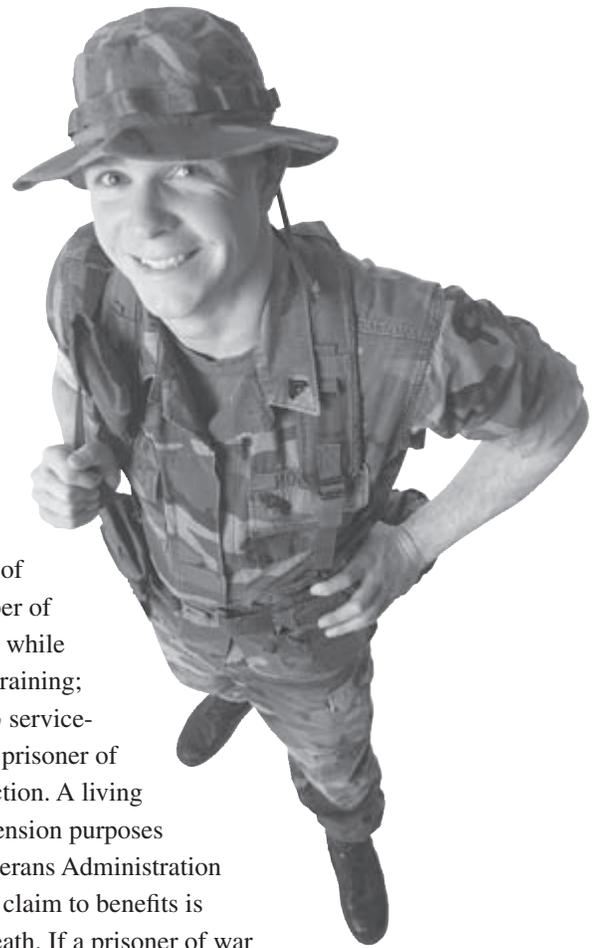

- Eligibility: **KRS 164.505**—Must be the child, stepchild or nonremarried spouse of a serviceman or woman who was a Kentucky resident when he or she entered military service and who was killed while in service or died of a service-connected disability. Student must provide documentation of relationship to parent or spouse as well as documentation showing the parent's or spouse's military service and cause of death. If the student also receives a scholarship payable to the school, the scholarship must be applied to incidental expenses and any balance returned to the student if the terms of the scholarship allow.
- KRS 164.507**—Must be the child or stepchild under the age of 23 or the nonremarried spouse of a deceased veteran who was a resident of Kentucky or married to a resident of Kentucky at the time of death and who served in the U.S. Armed Forces during a national emergency, war declared by Congress or action of the United Nations or who was killed on active duty or died of a service-connected disability acquired while on active duty. Student must provide documentation of relationship to parent or spouse as well as documentation showing the parent's or spouse's military service and cause of death. A stepchild must have been a member of the veteran's household when the veteran died. If the student also receives a scholarship payable to the school, the scholarship must be applied to incidental expenses and any balance returned to the student if the terms of the scholarship allow.

**KRS 164.512**—Must be the child of a veteran who has acquired a disability as a direct result of the veteran’s service. To be entitled to benefits under this section, the child claiming benefits must have acquired a disability determined by the U.S. Veterans Administration as compensable. Must document the parent-child relationship. To entitle a child to benefit under this section the member of the National Guard or Reserve Component veteran living or deceased must have served on state active duty, active duty for training or inactive duty training or the veteran must have served on active duty with the Armed Forces of the United States, and the discharge must have been under honorable conditions. The veteran must be a resident or, if deceased, must have been a resident of Kentucky.

**KRS 164.515**—Must be the child or stepchild under the age of 23 or the spouse of a permanently and totally disabled member of the Kentucky National Guard or Reserve Component injured while on state active duty, active duty for training or inactive duty training; or a permanently and totally disabled war veteran; or a 100% service-connected disabled veteran regardless of wartime service; or prisoner of war or member of the Armed Services declared missing in action. A living veteran must be rated permanently and totally disabled for pension purposes or 100% disabled for compensation purposes by the U.S. Veterans Administration or the Department of Defense. If the veteran is deceased, the claim to benefits is to be based on the rating held by the veteran at the time of death. If a prisoner of war or missing in action, the veteran must have been declared as such by the Department of Defense. Members of the Kentucky National Guard must be rated permanently and totally disabled as provided in KRS Chapter 342. Must document the parent’s, stepparent’s, or spouse’s service and rating.

**Awards:** Tuition waiver at any state-supported school.

## Kentucky Transportation Cabinet Civil Engineering Scholarship

**Eligibility:** Kentucky resident or a Kentucky high school graduate with a minimum ACT of 24 who plans to attend the University of Kentucky, University of Louisville, Kentucky State University, Western Kentucky University, or any KCTCS school. Student must pursue a degree in civil engineering and agree to work for the Kentucky Transportation Cabinet upon graduation, one year for each year on scholarship.

**Awards:** Semester stipends (freshman/sophomore receive \$4,000 gross pay each semester; junior/senior receive \$4,400 gross pay each semester) and possible summer employment.

**Application:** Contact the engineering or pre-engineering department of the school you plan to attend or visit [www.transportation.ky.gov/highways/scholarship.asp](http://www.transportation.ky.gov/highways/scholarship.asp). Application deadline is March 1.

 **KHEAA Teacher Scholarship**

**Eligibility:** Highly qualified, financially needy Kentucky resident enrolled or accepted for enrollment as a full-time student and seeking initial teacher certification. Recipients who do not fulfill requirements must repay the scholarship plus 6 percent interest.

**Awards:** Juniors, seniors, postbaccalaureate or graduate students can receive up to \$6,250 per year (\$2,500 for fall semester, \$2,500 for spring semester and \$1,250 for summer classes). If funds remain, freshmen and sophomores can receive up to \$1,575 (\$625 for fall, \$625 for spring and \$325 for summer).

**Application:** File the FAFSA, the results of which will automatically be forwarded to KHEAA. Student must also file a Teacher Scholarship application with KHEAA. To complete the application, register under Zip Access on [www.kheaa.com](http://www.kheaa.com). Log back into Zip Access using your user ID and password and select the Teacher Scholarship Application.

KHEAA must receive the FAFSA need analysis data from the Central processor by May 1 and the Teacher Scholarship Application must be certified by May 1. This is the student's responsibility.

**Minority Educator Recruitment and Retention (MERR) Scholarship**

**Eligibility:** Kentucky resident who is a member of an ethnic minority as defined by the federal government, maintains a 2.5 GPA, declares teacher education as the major area of study and is a full-time undergraduate or graduate pursuing an initial teaching certificate. Recipients who do not fulfill requirements must repay the scholarship plus 6 percent interest.

**Awards:** Up to \$5,000 each academic year

**Application:** Write to Natasha Murray, Division of Educator Quality and Diversity, Kentucky Department of Education, 500 Mero Street, Frankfort, KY 40601; call 502.564.1479; or contact a MERR Scholarship Coordinator at any of the state-supported universities in Kentucky. Deadline set by the school.

 **KHEAA Osteopathic Medicine Scholarship**

**Eligibility:** Kentucky resident accepted into the Pikeville College School of Osteopathic Medicine. Recipients who do not fulfill requirements must repay the scholarship plus 6 percent interest.

**Awards:** Equal to the difference between the average amount charged for in-state tuition at the state medical schools and that charged at Pikeville College School of Osteopathic Medicine.

**Application:** Write to Teresa Jones, Financial Aid, Pikeville College School of Osteopathic Medicine, 147 Sycamore Street, Pikeville, KY 41501 or call 606.218.5400. Application deadline is July 1.

**Federal Perkins Loan**

- Eligibility:** Student who has exceptional financial need and is a U.S. citizen or eligible noncitizen enrolled at an eligible school pursuing a degree or certificate.
- Awards:** \$4,000 annual maximum for undergraduate students, \$6,000 for graduate students. The maximum cumulative undergraduate amount is \$20,000 for undergraduates (\$8,000 for students who are not yet juniors). Graduate students can get up to another \$20,000 for a maximum of \$40,000.
- Application:** Students must submit a FAFSA. Deadline set by the school.

 **Federal Stafford Loans (FFELP)**

- Eligibility:** A U.S. citizen or eligible noncitizen enrolled or accepted for enrollment at least half-time in an eligible certificate or degree program at an eligible school. Students must show financial need for a subsidized loan but not for an unsubsidized loan.
- Awards:** The Federal Stafford Loan amount for an academic period cannot exceed the cost of attendance (as determined by the school) minus the student’s estimated financial assistance and, if the loan is subsidized, EFC. The amount can’t exceed the loan limits for an academic year based on the student’s dependency status and grade level. Beginning July 1, 2006, the interest rate is fixed at 6.8 percent. The government pays the interest on a subsidized loan until you begin repayment. You can pay the interest on an unsubsidized loan while you are in school or have it added to the principal.

Current loan limits are:

Grade Level	Dependent Student	Independent Student
First Year	\$2,625	\$ 6,625
Second Year	\$3,500	\$ 7,500
Each Remaining Year of Undergraduate Study	\$5,500	\$10,500
Each Year of Graduate/Professional Study	\$8,500	\$18,500

- Application:** FAFSA and the Federal Stafford Loan Master Promissory Note (MPN). The MPN can be submitted and signed electronically through KHEAA’s eSign process. A paper MPN can be obtained from lender or a financial aid office. Contact the schools to which you are applying to see if they prefer an electronic or paper MPN.

 **Federal PLUS Loan (FFELP)**

- Eligibility:** Any parent or stepparent of a dependent student enrolled or accepted for enrollment at least half-time in an eligible program at an eligible school. Graduate and professional students may also borrow PLUS Loans.
- Awards:** The maximum loan amount equals the cost of education minus other financial aid received. Beginning July 1, 2006, the interest rate is fixed at 8.5 percent.
- Application:** FAFSA and PLUS Loan application. For a PLUS Loan application, contact a participating lender or the financial aid office at the school you plan to attend; write to KHEAA, P.O. Box 798, Frankfort, KY 40602-0798; or call toll free 800.928.8926.

Some schools participate in the Federal Direct Student Loan Program instead of the Federal Family Education Loan Program administered by KHEAA. Direct Stafford and PLUS Loans have the same eligibility and award criteria as FFELP loans. If your school is a Direct Loan school, contact the financial aid office for information about how to apply.

### **Nursing Student Loan**

- Eligibility:** U.S. citizen, national resident or lawful permanent resident who is enrolled at least half-time in a nursing program and has financial need.
- Awards:** Varies. Schools determine how much aid a student needs. The interest rate is 5 percent.
- Application:** Contact the financial aid office of the school you plan to attend. Application deadline is set by the school. For more information, visit <http://bhpr.hrsa.gov/dsa>.

### **Primary Care Loan**

- Eligibility:** U.S. citizen, national or lawful permanent resident who is enrolled in a college of allopathic or osteopathic medicine, has financial need and agrees to enter and complete residency training in primary care within four years after graduation (including 3-year residency program) and practice in primary care for the life of the loan.
- Awards:** The maximum award for first- and second-year students is cost of attendance (including tuition, educational expenses and reasonable living expenses). Third- and fourth-year students can get more. The interest rate is 5 percent during repayment unless the student fails to enter and complete a residency in primary health care. The interest rate will become 18 percent at the date of noncompliance.
- Application:** Contact the financial aid office of the school you plan to attend. Application deadline is set by the school. For more information, visit <http://bhpr.hrsa.gov/dsa>.

### **Work-Study**

#### **Federal Work-Study**

- Eligibility:** Student who has financial need and is a U.S. citizen or eligible noncitizen enrolled in an eligible school pursuing a degree or certificate.
- Awards:** Student must be paid at least the current federal minimum wage. Maximum earnings cannot exceed total cost of education minus other financial aid received.
- Application:** FAFSA. Deadline set by the school.

#### **KHEAA Work-Study**

- Eligibility:** Kentucky resident attending a participating school at least half-time. The employment must be career related, and priority is given to undergraduates.
- Awards:** Student must be paid at least the current federal minimum wage. Maximum earnings cannot exceed total cost of education minus other financial aid received.
- Application:** Contact the KHEAA Work-Study Program coordinator at the school you attend.

Most branches of the military offer some type of tuition assistance that lets active duty members take courses at civilian colleges during their off-duty hours. In addition, military training can sometimes count toward college credit. After they finish active duty, veterans can take advantage of the Montgomery GI Bill to attend college. Local armed forces recruiting offices can provide detailed information about educational opportunities through the military.

### **Kentucky Air National Guard Education Assistance**

**Eligibility:** High school graduate or GED holder and current member of the Kentucky Air National Guard.

## Chapter 9

# What You Need to Know About Student Loans

Why should you find out about student loans? Unless you're one of the lucky few who manage to get full scholarships or you can afford to pay for your schooling out of your own pocket, you'll probably have to take out student loans. Before you borrow money for school expenses, you should learn a little bit about the student loan process. Here are some terms you need to know. Terms that are defined elsewhere are in *bold italics*.

❑ **Borrower benefits** — Think of these in terms of a price break you get when you buy something and a rebate you get after you buy it. A *lender* can charge an *origination fee*, while a *guarantor* must charge a *federal default fee*. Not all lenders charge the same fees, and some, like The Student Loan People, will pay the federal default fee for you. These fees are deducted before you see the money, so the lower the fees, the more money you get to pay for college.

You can also get breaks when you start repaying your loan. Many lenders will charge you a lower *interest* rate if you meet certain criteria. See the information on the **Best in Class**, **Best in Care**, **Best in Law**, **BestPLUS**, **BestGrad** and **BestStart** programs on the following pages for examples of how this works.

❑ **Federal Default Fee**— It's just like car insurance, only it's not as expensive. The *guarantor* can charge you up to 1 percent of your loan as a federal default fee. KHEAA is a guarantor, and to help you with your educational costs, does not charge a federal default fee. There is legislation in Congress, if passed, would require guarantors to charge this fee.

❑ **Guarantee fee** — This is the same as a federal default fee.

❑ **Guarantor** — This is like an insurance company. The guarantor, such as KHEAA, has a contract with the *lender* to pay off a student loan under special circumstances.

❑ **Interest** — This is the money you pay the *lender* for letting you use its money to pay your school costs. It's just like the interest you pay on your car loan, only it's generally lower.

❑ **Lender** — The lender is whoever loans you the money. It can be a bank, a nonprofit state corporation, a credit union or some other financial institution.

❑ **Origination fee** — This helps cover the costs the *lender* has to pay for doing business with you. Lenders can charge up to a 2 percent *origination fee*. KHEAA does not charge an origination fee.

❑ **Principal** — This is the actual amount you borrow *before* the *origination fee* and *insurance fee* are deducted. The interest you are charged will be based on the principal.

# Student Loan Tips

Despite what you might think, you'll probably have to borrow some money in order to complete your education. However, you should research all other means of financial aid before taking out a student loan. Don't forget that a student loan has to be repaid, whether you finish your education or like the school or program you've started. You're taking on a commitment that will help improve your future but that also requires you to be responsible. By making your payments on time, you're establishing yourself as a good credit risk. This will help you when you need to borrow money for another purpose. Here are some tips that will help you to borrow wisely.

## Tip 1: Contact the school you plan to attend

Find out what other financial aid you qualify for before applying for a student loan. Grants, scholarships and work-study usually don't have to be repaid.

Ask the financial aid officer how much the total cost of attending school, including the estimated living expenses, is going to be.

Know what the school's refund policy is. Ask the financial aid officer or check the student handbook or class schedule.

## Tip 2: Check out the job you're interested in

Find out the job opportunities in that field to make sure you'll be able to earn enough to pay back what you borrow as well as meet any other expenses you will encounter when you're in the working world. Defaulting on a student loan isn't an option, even if you can't find

a job in the field you've trained for or if you don't make as much money as you thought you would. Research before committing yourself to a job where you won't earn enough money.

Check with the school about entrance counseling. The school you'll be attending is required to provide this before you receive your first Federal Stafford Loan.

## Tip 3: Find out about student loans before borrowing

Borrow only what you need. Remember, you have to repay your loan. The chart on the next page shows the approximate monthly payment required on a Federal Stafford Loan depending on the interest rate.

Beginning July 1, 2006, the interest rate for Stafford Loans is fixed at 6.8 percent. Stafford Loans disbursed before that date have a variable rate. Note that the chart shows the approximate monthly payment required on *each* Federal Stafford Loan. For example, if you have two \$5,000 loans at 5 percent each from a different lender, your monthly payment would be \$116 (\$58 to

Federal Stafford Loan Repayment	
Amount Borrowed	Estimated Monthly Payment
	6.8%
\$ 5,000	\$58
\$10,000	\$115
\$15,000	\$173
\$20,000	\$230
\$25,000	\$288
\$30,000	\$345
\$35,000	\$403
\$40,000	\$460

each lender). For a quick estimate of how much you will pay based on how much you have borrowed, the interest rate, and the repayment period, use the Loan Repayment Calculator under the *Quick Links* feature at [www.kheaa.com](http://www.kheaa.com).

Consider getting all your loans through one lender so you don't have to make payments to two or more lenders at the same time. This will simplify the process. The federal government requires the Master Promissory Note (MPN) for all Stafford Loans. For more information, visit [www.kheaa.com/pdf/mpn\\_note03.pdf](http://www.kheaa.com/pdf/mpn_note03.pdf).

Use student loans only for educational purposes. Giving false information, forging information or using loans for any purpose other than legitimate school expenses is a crime. KHEAA will prosecute people who do that.

Generally, you have up to 10 years to repay your student loans. The minimum monthly payment is \$50. Your repayment duration and amount will be based on your loan balance. An extended repayment plan may be available if you owe more than \$30,000 in student loans. Under the extended repayment plan, you can take up to 25 years to pay, depending on how much you owe.

## Tip 4: What happens after the first year?

Most financial aid programs have renewal requirements and some limitations such as:

- Advancing to the next grade level.
- Requiring students to reapply each year.
- Limiting the total number of years aid can be received.

## Tip 5: Now the fun part — repayment!

When you start making payments, think about paying a little extra—a few more dollars paid each month reduces the overall amount of interest you will pay over the life of the loan. If you pay an extra \$10 each month, \$120 a year, the extra money is applied to the principal, which lowers the total interest you end up paying.

If you have any trouble making your payments, contact your lender immediately. You may be able to postpone or reduce your payments temporarily. Before you enter repayment, you will go through exit counseling.

If you end up with more than one student loan, contact your lender or KHEAA about consolidating your student loans. For more information about Federal Consolidation Loans, contact:

**BEFORE YOU TRANSFER TO ANOTHER SCHOOL, BE SURE TO  
CHECK ON THE STATUS OF YOUR FINANCIAL AID.**

# Repaying Your Student Loan

Your student loan gives you a chance to get a college education you might not be able to afford without it. However, a student loan brings responsibilities while you're in school as well as after you're out of school.

Many borrowers think they don't have to worry about their student loans until they graduate or leave school. If you transfer schools, drop credits or extend your studies, you are responsible for keeping your loan in good standing and reporting changes to your lender.

You should immediately notify your lender and current school in writing if you:

- Change your address or telephone number. (Don't assume that filing an address change with the post office is enough.)
- Change your name.
- Transfer to a new school.
- Drop below half-time enrollment, withdraw or graduate.
- Change your anticipated graduation date.

Take advantage of opportunities that may be available to you through:

- Repayment options.
- Deferment.
- Forbearance.
- Consolidation.

If you have questions or need help, call one of KHEAA's borrower advocates at 800.928.5327; write KHEAA, P.O. Box 798, Frankfort, KY 40602-0798; fax 502.696.7655; or e-mail [Default\\_Aversion@kheaa.com](mailto:Default_Aversion@kheaa.com).

## You should:

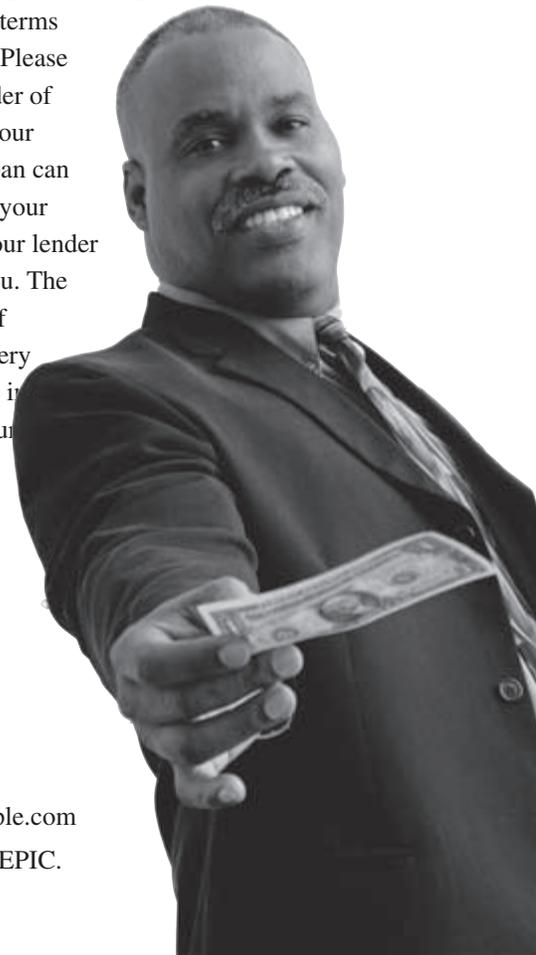

- ✓ Contact your lender *in writing* when you change your name, address, enrollment status or school.
- ✓ Always keep copies of all correspondence relating to your loans for future reference.
- ✓ Avoid unexpected early repayment by informing your lender if you transfer schools, even if you don't take out another loan, or change the date you expect to complete your studies.

## Things to Know About Repayment

Unless otherwise advised by the school, lenders use the anticipated graduation date listed on your most recent loan application to place your loan into repayment. Schools periodically report student enrollment; however, it is your responsibility to notify your lender of any enrollment change. Don't wait for your lender to contact you. If you graduate, leave school or drop below half-time enrollment, call your lender to arrange a repayment schedule.

Remember:

- A loan must be repaid. Signing the promissory note is a legal promise to repay the loan, even if you're dissatisfied with your school, don't graduate or don't find a job.
- A grace period is the time between when you leave school or drop below half-time status and the time you have to begin repaying your loan. It's usually six months.
- It's up to you to know when repayment begins. Your lender will provide a repayment schedule that lists repayment terms and conditions. Please notify your lender of any change to your address. Your loan can default without your knowledge if your lender can't contact you. The consequences of defaulting are very serious, so keep in contact with your lender.
- If you have a loan with The Student Loan People, you can receive your statements online. Go to [studentloanpeople.com](http://studentloanpeople.com) and sign up for EPIC.

You have four repayment options. Under the first three you generally have up to 10 years to repay your loan.

**Standard Repayment** is the traditional option. You pay a set amount each month over the maximum repayment period. The monthly payments may change each year to reflect a change in the interest rate. The minimum payment is usually \$50.

**Graduated Repayment** lets your monthly payments change (usually increase) over the repayment period.

**Income-sensitive Repayment** is available if you provide the lender with information on your expected total gross monthly income. Unless you consolidate your loans with your spouse, this doesn't include your spouse's income. You must provide documentation each year so the lender can adjust your payment amounts.

**Extended Repayment** is available if you owe more than \$30,000 in student loans and don't owe anything on loans taken out before October 7, 1998. Under this plan, you can take up to 25 years to pay, depending on how much you owe.

### Deferment

A deferment is a period of time when you don't have to make payments. On subsidized loans, interest that accrues during deferment is paid on your behalf by the federal government; on unsubsidized loans, you must pay the interest during these periods. If you show that you're eligible for a deferment and provide the required documentation, your lender must give you the deferment.

It's your responsibility to request a deferment and to provide the lender with documents that support your eligibility. You must be granted a deferment if you qualify. Eligibility varies by deferment type. Not all types apply to all borrowers.

The most common deferments and circumstances under which you can apply are:

- **In-school or Student Deferment** for periods of full-time and half-time study at an eligible school.
- **Summer Bridge Deferment Extension** when you attended school in the spring and plan to reenroll in the fall.

- **Unemployment Deferment** when you are really trying to find a full-time job but can't. (Full-time employment is defined as at least 30 hours of work each week that's expected to last at least three months.)
- **Graduate Fellowship Deferment** for periods of study under an eligible graduate fellowship program.
- **Rehabilitation Training Program Deferment** while you participate in a qualified rehabilitation training program.
- **Temporary Total Disability Deferment** when you are temporarily totally disabled or unable to find or continue employment because you're caring for a dependent or spouse who's temporarily totally disabled.
- **Military Deferment** while you're on active duty with the military during war, national emergency, or military operation.
- **Economic Hardship Deferment** when you earn less than minimum wage or exceed a federally defined debt-to-income ratio.
- **Parental Leave Deferment** when you are pregnant or caring for a newborn or newly adopted child.
- **Working Mother Deferment** for mothers of preschool-age children entering or reentering the work force.

The chart on page 78 shows specific eligibility criteria and more deferment types.

<sup>1</sup> "New Borrower" 7/1/87 to 6/30/93: A borrower whose first FFELP loan was made on or after July 1, 1987, and before July 1, 1993, or who had an outstanding balance on a loan obtained on or after July 1, 1987, and before July 1, 1993, when he or she obtained a loan on or after July 1, 1993, or who had no outstanding balance on a Federal Consolidation loan made before July 1, 1993, that repaid a loan first disbursed before July 1, 1987.

<sup>2</sup> "New Borrower" 7/1/93: A borrower whose outstanding FFELP loans were all made on or after July 1, 1993, and when his or her first FFELP loan was made on or after July 1, 1993, had no outstanding FFELP loans that were made before July 1, 1993.

<sup>3</sup> A deferment may be granted during periods when the borrower is temporarily totally disabled or during which the borrower is unable to secure employment because the borrower is caring for a dependent (including the borrower's spouse) who is temporarily totally disabled.

<sup>4</sup> Borrowers are eligible for a combined maximum of 3 years of deferment for service in NOAA, PHS, and Armed Forces.

<sup>5</sup> A parental leave deferment may be granted to a borrower in periods of no more than 6 months each time the borrower qualifies.

<sup>6</sup> Deferment for parent borrower during which the dependent student for whom the parent obtained a PLUS loan meets the deferment eligibility requirements.

<sup>7</sup> A borrower who received a Federal Consolidation loan that repaid a loan made before July 1, 1987, for a period of enrollment beginning before July 1, 1987, is eligible for in-school deferment only if the borrower attends school full time.

### Forbearance

If you're unable to make scheduled payments, lenders may let you temporarily stop making payments. This is called a forbearance. During a forbearance, interest continues to accrue while you delay or reduce payments. You can request a forbearance to allow for:

- A short period of time during which you make no payments.
- An extension of time for making payments.
- A period during which you make smaller payments than were originally scheduled.

You should explain your circumstances to the lender or servicer, who will determine whether to grant a forbearance. Forbearances are granted at the discretion of the lender.

### Loan Consolidation

Paying back your student loans can sometimes be overwhelming, especially if you have loans from more than one lender or have more than one type of loan. If you do, that means having to keep track of making several payments each month.

If you qualify for a Federal Consolidation Loan, you can combine your student loans into one loan with one lender. That means you only have to make one payment each month. The payment may be less than what you would have to pay if you don't combine your loans. You'll probably take longer to pay back your loans, which means you'll pay more interest.

You can choose from three payment plans: level, graduated and income-sensitive.

- Under the level plan, you make the same payment each month.
- With the graduated plan, the first two years you pay only the interest on the loan. After that, you pay more each month to pay off the loan.

- Under the income-sensitive plan, payments are based on how much you make. The payment must at least cover the interest that accumulates each month.

How long you have to repay your loan depends on how much you owe.

Amount Consolidated	Maximum Repayment Term
Up to \$7,499	10 years
\$7,500–9,999	12 years
\$10,000–19,999	15 years
\$20,000–39,999	20 years
\$40,000–59,999	25 years
\$60,000 or more	30 years

You can get an idea of how much your monthly payments will be by using the chart below. Find the length of time you will be repaying your loan, based on the list above showing how much you owe. Multiply the dollar amount below by every \$1,000 you owe. The chart is based on an 8 percent interest rate.

10 years .....	\$12.13
12 years .....	\$10.82
15 years .....	\$ 9.56
20 years .....	\$ 8.36
25 years .....	\$ 7.72
30 years .....	\$ 7.34

If you owe \$15,000 in student loans, you have 15 years to repay your loan. Based on the chart on the previous page, your payment would be 15 x \$9.56, or \$143.40 a month. It may be a little less or a little more, since there's some rounding involved.

Here is more information you need to know about consolidating your student loans.

### **What loans can I consolidate?**

Just about any federal student loan, including Stafford Loans, Perkins Loans and PLUS Loans. You can also consolidate Federal Insured Student Loans (FISL), Health Education Assistance Loans (HEAL), Health Professions Student Loans (HPSL), Loans for Disadvantaged Students (LDS) and Federal Nursing Student Loans.

If you have a Perkins Loan, you need to take a close look at whether you want to give up the low fixed-interest rate or forgiveness programs that may be associated with your Perkins Loan. You may wish to talk to your school about the advantages and disadvantages of consolidating these loans.

### **What if I'm behind on my payments?**

You still may be able to consolidate your student loans if you're behind on your payments. But you must already have made arrangements to repay the loan or you have to repay your loans under an income-sensitive repayment plan. You should contact the holder of your loan immediately.

You may even be able to consolidate your loans if you're already in default. You should contact your loan holder to find out how.

The best time to consolidate your loan is six to eight weeks before your grace period expires. The grace period is the six months between the time you finish school and the time you have to start repaying your student loans.

### **What about deferments and forbearances?**

You can get a deferment or forbearance if you meet the conditions. Contact your lender to see if you qualify.

### **Applications**

You can apply for a Consolidation Loan through The Student Loan People at [www.studentloanpeople.com](http://www.studentloanpeople.com) or KHEAA at [www.kheaa.com](http://www.kheaa.com). You should only apply with one lender at a time. If you only have loans from one lender, you have to apply for a Consolidation Loan from that lender unless it doesn't offer an income-sensitive payment plan. If you have student loans from more than one lender, you can choose the lender you want.

### **Don't Damage Your Future**

Although most student loan borrowers repay their loans on schedule, others can't because of high debt, emergencies and other circumstances. Defaulting on student loan repayment can have serious consequences, such as:

- You will be denied additional student loans, grants and other aid.
- All national credit bureaus will be notified of the default, severely damaging your credit rating.
- Some of your wages may be taken directly from your employer to pay your defaulted loan.
- Your federal and state income tax refunds or other monies owed to you may be taken to pay your defaulted loan.
- Collection charges of 25 percent may be added to your loan debt.
- You may be sued.

Avoid the consequences of a defaulted loan by taking advantage of the opportunities available to you. Be sure to contact your lender whenever you have a problem or question.

KHEAA is committed to helping students avoid defaulting on their student loans. If you're unable to resolve a delinquency problem and would like to speak with one of KHEAA's borrower advocates, call 800.928.5327.

## Chapter 10

# Assistance From Other State Programs

In addition to student aid programs, other government programs may indirectly improve college opportunities if you qualify. Some are described below.

### Child Care Assistance Program

Description:	Helps low-income parents pay for child care services from licensed, certified, or registered child care providers.
Eligibility	Must need child care to: <ul style="list-style-type: none"><li>• Allow the parent to work (income must be within 150 percent of the federal poverty level).</li><li>• Allow a parent receiving K-TAP to participate in the Kentucky Works Program.</li><li>• Protect the child from abuse or neglect or to prevent abuse or neglect.</li><li>• Allow a teen parent to attend high school.</li><li>• Allow a parent to participate in education or vocational training.</li></ul>
Deadline:	None. Applications are processed according to the availability of funds.
Information:	Contact the Department for Community Based Services in your county of residence for more information.

### Commission on the Deaf and Hard of Hearing

Description:	Provides information on topics relating to deafness and/or hearing loss, human services referrals, advocacy, interpreter referral services to state agencies, publications, outreach, a Deaf Resource Library, and the Kentucky DeaFestival celebration. A TDD Distribution Program also provides specialized telecommunications equipment (TDDs, amplified phones, etc.) for eligible Kentuckians.
Eligibility:	Must be unable to hear and understand speech clearly through the ear alone, with or without hearing aids, to qualify for the TDD program.
Deadline:	None
Information:	Write to Commission on the Deaf and Hard of Hearing, 632 Versailles Road, Frankfort, KY 40601; call 800.372.2907, 502.573.2604 (voice and TTY), fax 502.573.3594; visit <a href="http://www.kcdhh.org">www.kcdhh.org</a> , or e-mail <a href="mailto:anita.dowd@kcdhh.ky.gov">anita.dowd@kcdhh.ky.gov</a> .

## Food Stamp Employment and Training

- Description:** Helps food stamp recipients find jobs.
- Eligibility:** Work registration and Able-bodied Adults Without Dependents (ABAWD) status are factors that help determine if you are eligible for food stamps. Every household member between the ages of 16 and 59 must register for work, unless exempt. Additional ABAWD requirements apply to adults age 18 through 49 in active ETP counties. Because ETP counties have lower unemployment rates and more available jobs, work programs are offered in these counties to help food stamp participants find jobs. The active ETP counties change each year based on unemployment rates. There are currently 55 active ABAWD/ETP counties. In the other 65 counties, food stamp participants are subject only to the work registration requirements and the provisions that cover quitting a job. Failure to comply with ETP work requirements will result in the member's disqualification from the program for up to six months. Unless exempt, the member must comply with ETP before eligibility is reestablished. Failure to meet the ABAWD requirement will result in the member's technical ineligibility after three months (ABAWDs may receive benefits for three months, consecutive or otherwise, within a 36-month period if not in compliance with work requirements).
- Deadline:** None
- Information:** People receiving food stamps should contact their caseworker. For general information, applicants should call the local Department for Community Based Services office.

## Food Stamps

- Description:** Increases the household's food-buying power when added to the household's other food money.
- Eligibility:** Must be a U.S. citizen, register for work and meet resource and income limits. Students may have to meet other criteria.
- Deadline:** None
- Information:** Contact your local Department for Community Based Services offices. You can apply in any county, but you can receive food stamps only in your county of residence. Information and applications can also be obtained at [http://chfs.ky.gov/dcbs/dfs/Food+Stamps\\_EBT.htma](http://chfs.ky.gov/dcbs/dfs/Food+Stamps_EBT.htma). The food stamp application can be printed, completed and faxed, mailed to or dropped off at any local DCBS office.

## Kentucky Army National Guard Testing

- Description:** Provides testing services to Kentucky Army National Guard members. A number of exams are provided free, such as the ACT, SAT, CLEP, PRAXIS and DSSTs. The GRE and GMAT test fees can be reimbursed for initial testing.
- Eligibility:** Must be a member of the Armed Forces; CLEP and DSSTs are available to National Guard spouses free of charge. Computer-based testing may be available at local universities. Funded testing of spouses of the reserve components is not authorized at active duty DANTES test centers.
- Deadline:** None
- Information:** Write to Education Services Officer, Boone National Guard Center, Frankfort, KY 40601-6168 or call 502.607.1550.

## Kentucky Assistive Technology Service (KATS) Network

Description:	Makes assistive technology information, devices and services easily obtainable for people who want or need them.
Eligibility:	People of any age and/or disability.
Deadline:	None
Information:	Write to Kentucky Assistive Technology Service Network, Charles McDowell Center, 8412 Westport Road, Louisville, KY 40242; call 800.327.5287 or 502.429.4484; fax 502.429.7114; or visit <a href="http://www.katsnet.org">www.katsnet.org</a> .

## Kentucky Children's Health Insurance Program (KCHIP)

Description:	Pays for certain medical expenses of children.
Eligibility:	Must be a child who: <ul style="list-style-type: none"><li>• Is no older than 19, regardless of school attendance.</li><li>• Is a U.S. citizen or qualified alien and a state resident.</li><li>• Has countable income up to 200 percent of the federal poverty level (limits are higher than Medicaid).</li><li>• Has no creditable health insurance. There is a six-month waiting period before KCHIP eligibility can be established from the date prior health insurance coverage is terminated unless termination is through no fault (for example, employment is terminated or insurance is no longer offered). The waiting period only applies to children determined eligible at 150 percent to 200 percent of the federal poverty level. Resources (real property and liquid assets) are not considered in determining eligibility.</li></ul>
Deadline:	None
Information:	Apply at your local Department for Community Based Services office. For more information, call toll free 877.KCHIP-18.

## Kentucky Transitional Assistance Program (K-TAP)

Description:	Provides payments to Kentucky families with a dependent child.
Eligibility:	Must meet the following requirements: <ul style="list-style-type: none"><li>• Children ages 16, 17, and 18 must still be in school.</li><li>• One or both parents must be absent from the home, unemployed, unable to work due to sickness or disability, or deceased.</li><li>• The income and resources of the family must meet K-TAP guidelines.</li><li>• A parent under age 18 must live with parent(s) or in a supervised setting, and the parents' income is considered.</li></ul>
Deadline:	None
Information:	Apply at your local Department for Community Based Services office.

## Kentucky Works

- Description:** Provides training and job-seeking assistance to K-TAP recipients. Referrals for services are coordinated with various local providers throughout the state, including providers of postsecondary education. In most instances, participants must secure financial aid through existing resources (e.g., Federal Pell Grants, WIA, etc.). However, Kentucky Works provides case management services and payments for transportation, child care, and other related school expenses for approved activities.
- Eligibility:** Must be receiving K-TAP benefits.
- Deadline:** None
- Information:** Contact your local Department for Community Based Services office.

## Low-Income Home Energy Assistance Program

- Description:** Pays heating fuel vendors or natural gas and electric utilities to reduce the household's energy cost burden or to relieve a home heating crisis.
- Eligibility:** Must be at or below 130 percent of the federal poverty level and be responsible for home heating costs or paying heating costs as an undesignated portion of rent. Must not have more than \$2,000 in liquid resources; \$3,000 if at least one household member is age 60 or older and/or disabled; \$4,000 if a household member has an illness and resources are used for medical and living expenses. For a household experiencing a crisis, the primary heat source used by the applicant must be within four days of running out of fuel if wood, coal, propane, fuel oil or kerosene is the heat source; or there must be a disconnect/past due notice or eviction notice if the heat is an undesignated portion of rent.
- Deadline:** Applications for heating assistance are taken the first week of November through the second week of December. Applications for crisis assistance are taken beginning the second week of January and continue through April 15 or until all funds are expended.
- Information:** Contact your local Community Action Agency or the Kentucky Association for Community Action toll free at 800.456.3452 (TTY available for the hearing impaired.)

## Medicaid

- Description:** Helps pay medical expenses. Most families who receive K-TAP benefits also receive Medicaid. If the family is not eligible for K-TAP because of technical and/or financial reasons, the family or family member(s) may still qualify for Medicaid.
- Eligibility:** Pregnant women, dependent children under age 18 (or up to age 19 for some categories of Medicaid), and possibly one or both parents of the dependent child(ren). A child does not have to live with a parent or close relative to receive Medicaid. The countable income and resources of the family members who receive Medicaid must be within the Medicaid limits. The family's countable income may be less than the family's total income since certain work-related deductions (including dependent care costs) may be allowed. People who are blind, disabled or 65 or older may qualify. The limits are based on family size, age of the child(ren), income, resources and whether or not a family member is pregnant.
- Deadline:** None
- Information:** Apply at your local Department for Community Based Services office.

## Ready to Work

- Description:** A contract between the Kentucky Cabinet for Health and Family Services and the Kentucky Community and Technical College System (KCTCS) that provides work-study resources and other outreach and supportive services for eligible Temporary Assistance for Needy Families (TANF) and Kentucky Transitional Assistance Program (K-TAP) recipients attending KCTCS schools. Campus-based Ready to Work (RTW) coordinators help recruit, assess, support and retain TANF and K-TAP students; provide tutoring, mentoring, counseling, job development, job placement and postplacement services; help students access support services available from the Cabinet for Health and Family Services and on campus; and identify and refer RTW participants for additional services, including domestic violence and substance abuse counseling.
- Eligibility:** Must be receiving K-TAP benefits or be TANF eligible and be enrolled at a KCTCS school.
- Deadline:** None
- Information:** Contact the RTW coordinator at the KCTCS school you plan to attend for more information or visit [www.kctcs.edu/readytowork/](http://www.kctcs.edu/readytowork/).

## State Supplementation

- Description:** Provides income to aged, blind, or disabled individuals who cannot pay the full cost of care in a licensed personal care home or family care home or of caretaker services to prevent institutionalization.
- Eligibility:** Must meet requirements of the federal Supplemental Security Income (SSI) program. Resource limits are \$2,000 for an individual and \$3,000 for a couple. Payment is determined by subtracting countable income from the standard of need based on living arrangements.
- Deadline:** None
- Information:** Apply at your local Department for Community Based Services offices.

## Veterans Upward Bound Projects

- Description:** Provides free support services to veterans to prepare them for college. The services may include academic refresher classes in core subjects, career advising, application for college admission, help with financial aid applications, cultural field trips, tutoring, and more.
- Eligibility:** Must have served at least 180 days of active military service since September 1955, have better than a dishonorable discharge, and wish to enroll in college. Must be either low income or a potential first-generation college student. Two-thirds of the recipients must meet both qualifications. Must live in: Allen, Barren, Butler, Edmonson, Grayson, Hart, Logan, Muhlenberg, Ohio, Simpson, or Warren County.
- Deadline:** None
- Information:** Write to Veterans Upward Bound, Western Kentucky University, 1906 College Heights Boulevard 11098, Bowling Green, KY 42101-1098; call 270.745.5310; e-mail [veterans.upward.bound@wku.edu](mailto:veterans.upward.bound@wku.edu); or visit <http://www.wku.edu/vub>.

## Work and Learn

- Description:** Provides work-study and other services for eligible K-TAP recipients. Campus-based Work and Learn case managers work with adult education providers to recruit, assess and support K-TAP students; provide mentoring, counseling, job development and job placement; and help students obtain other Cabinet for Health and Family Services and community resources.
- Eligibility:** Must be receiving K-TAP benefits and be enrolled in a Kentucky adult education program, within a year of receiving a GED and/or in need of remedial studies before attending college.
- Deadline:** None.
- Information:** Contact the Work and Learn case manager at the Kentucky Community and Technical College System school that serves the county in which you live or visit [www.kctcs.edu/readytowork](http://www.kctcs.edu/readytowork).

## Workforce Investment Act

- Description:** Helps youth, adults, and dislocated workers who are seeking employment or want to further their career.
- Eligibility:** Youth must be ages 14–21, be low income, and meet at least one of six specific barriers to employment. Adults 18 and older and dislocated workers are eligible for core services. Local areas determine intensive and training eligibility, using established federal guidelines.
- Deadline:** None
- Information:** Contact the Workforce Investment Area nearest you:

# Part III

## Kentucky Colleges

The following pages provide information concerning costs, admissions requirements, academic programs and student financial aid for Kentucky colleges. Information in Part III is subject to change. For the most up-to-date information, you should contact the school you plan to attend.

*All schools included in Adults Returning to School must participate in a Title IV program and a KHEAA program or be a public college. KHEAA has not independently verified information concerning the programs offered by schools, accreditation and licensure or eligibility of the schools to participate in Federal Title IV programs of student financial aid. KHEAA, therefore, makes no representation, express or implied, about the accuracy of that information but relies on information submitted by each school. Some Kentucky schools that provide financial aid may not meet KHEAA's guidelines for inclusion in Adults Returning to School or may not have responded to KHEAA's request for information. Students attending these schools should check with the school's financial aid office for information about their financial aid programs.*

## General Information

The following pages provide information about costs, admissions, financial aid and majors at Kentucky colleges. **In addition to the tuition and fees and the room and board costs shown, there are other costs associated with college: books, supplies, transportation and personal costs.** These can range from \$2,500 to \$7,500 depending on where you go and your lifestyle.

Information in this chapter will almost certainly change before you start college. For the most up-to-date information, contact the school you plan to attend.

Included in this section of this chapter is information about Kentucky four-year and two-year degree-granting colleges and universities and seminaries. Four-year, degree-granting schools offer bachelor's degrees, and many offer advanced degrees as well. Two-year, degree-granting schools offer associate degrees, and many also offer certificates and diplomas. Seminaries offer advanced degrees in theological studies. The final section has information about trade schools whose programs do not lead to two- or four-year degrees.

## Trade Schools

What most people call trade schools are technically called proprietary schools. We've used the general term for the most part in *Adults Returning to School*, but you'll sometimes see "proprietary" in the following pages. The agencies below license trade schools in Kentucky and can be contacted for more information about the training programs listed in this section as well as those of other trade schools not included in *Adults Returning to School*.
