Respectfully returned to

Hon. Harvey Helm,
House of Representatives.

The records show that Tilford Nave served as a private and second lieutenant in (3d) Company F, 5th Kentucky Infantry (Mounted), Confederate States Army, and that he enlisted September 10, 1862, at Nicholasville, Kentucky, to serve three years. He was elected second lieutenant of the company March 18, 1864. On the muster roll of the company for September and October, 1864, last roll of company on file, he was reported present.

No record of surrender or parole of this officer has been found, nor has any record been found of him subsequent to October 31, 1864.

It is proper to state, however, that the collection of Confederate records on file in this Department is far from complete, and that the failure to find any record of the parole of this officer is by no means conclusive proof that he was not paroled at the time and place alleged.

Dear Sir:-

I am in receipt of yours of the 29th inst. Your application has not yet been reached by the Board for consideration, but I find on examination of the proof that there is no record proof of your service after October 8, 1864. Two witnesses testify that you were a member of Company F, 5th Kentucky Infantry, and one of them testifies that you served two years, but there is no further proof of service, and none as to how you got out of the army. Proof on these points, and especially, how, when, and where you got out of the army, will be absolutely necessary.

Dear Sir:-

Further answering your request of recent date, I am herewith inclosing you the official statement of the Adjutant General of the United States Army, showing all that the records of the War Department give as to your record in the Confederate Army. I regret that what you think should be shown as to parole does not appear, but you will note that the Adjutant General states that this is not a reason for believing that the parole was not issued. I suggest that the records in the Adjutant General's office at Frankfort, where of late years much information as to Confederate soldiers has been compiled, in some instances contain details not shown here, and that evidences of the parole might be found there.

If I can serve you further in this or any other matter, you will so advise me.

With very kind regards, I am,

February 15, 1913.

Hon. Harvey Helm,

House of Representatives.

Sir:

Referring to your letter of yesterday, received today, relative to the record of Tilford Nave, of Wilmore, Kentucky, of whom no record of parole has been found in this office, and in which letter you ask whether the records show anything as to the surrender on May 5, 1865, of Giltner's command to General Burbridge or other officer in command of the forces in Kentucky at that time, I have the honor to inform you that the records on file in this office show as follows:

In an order from Headquarters, First Division, Department of Kentucky, dated April 29, 1865, it was announced that Captain J. S. Butler, assistant adjutant general, United States Volunteers, was vested with full power in all matters in connection with the surrender and parole of the division of Confederate troops commanded by Colonel H. L. Giltner in Eastern Kentucky. In a communication dated at Mount Sterling, April 30, 1865, Captain J. S. Butler, assistant adjutant general, United States Volunteers, stated as follows: "I have papers signed and am now busy paroling officers; seventy-three done. About 105 officers and 800 to 1000 men. Giltner in command." In a communication dated at Cumberland Gap, April 30, 1865, Colonel W. Y. Dillard, post commander, stated as follows: "Captain Hurd's company, of Giltner's command, surrendered to me this evening. This makes over 1000 who have surrendered since the 28th. I expect 300 more in tomorrow."

A reexamination of the records has resulted in failure to find any record of the parole or surrender of Tilford Nave, 2d lieutenant, Company F, 5th Kentucky Infantry (Mounted), Confederate States Army, nor has anything further been found relative to the surrender of Giltner's Command.

Very respectfully,

Further answering your last letter as to the parole you believe should be shown by the records of the War Department here,I am herewith inclosing you official letter from the Adjutant General.It would appear that the record is incomplete as to all of Gilt-ner's large command,and therefore that the continued failure to find any record of your parole,is easily explainable.That you may use it in a further search for evidence in the records at Frankfort and in the prosecution of your claim for pension,I am inclosing the said last letter from the Adjutant General.

Dear Sir:-

I am in receipt of yours of the 19th with which you enclose the letters from Mr. Helm and from the War Department at Washington. There is nothing different in what you sent me from what I had already obtained from the War Department. I have obtained from the War Record Dept. here a copy of all that is shown in that office about your service, and am enclosing it to you that you may see for yourself just what it is. I am sorry that the record is so meagre. I will gladly do anything within my power to assist you in the completion of the proof in your case, just as I would in any other. You will understand that I do not have the final decision in any case, and that in all cases where the proof does not clearly bring the applicant within the provisions of the law, and he has furnished all the proof he can, the law requires that it shall then be submitted to the Board, and their action will be final- whatever it may be- and that I will do in all cases. Now, if you desire to furnish your own affidavit in support of your claim, I will file it with the application and submit it to the Board when your application is reached for consideration by them.

REVISED UNITED STATES STANDARD CERTIFICATE OF DEATH.

[Approved by U. S. Census and American Public Health Association]

Statement of occupation.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. The question applies to each and every person, irrespective of age. For many occupations a single word or term on the first line will be sufficient, e. g., *Farmer* or *Planter, Physician, Compositor, Architect, Locomotive engineer, Civil engineer, Stationary fireman,* etc. But in many cases, especially in industrial employments, it is necessary to know (*a*) the kind of work and also (*b*) the nature of the business or industry, and therefore an additional line is provided for the latter statement; it should be used only when needed. As examples: (*a*) *Spinner,* (*b*) *Cotton mill;* (*a*) *Salesman,* (*b*) *Grocery;* (*a*) *Foreman,* (*b*) *Automobile factory.* The material worked on may form part of the second statement. Never return "Laborer," "Foreman," "Manager," "Dealer," etc., without more precise specification, as *Day laborer, Farm laborer, Laborer—Coal mine,* etc. Women at home, who are engaged in the duties of the household only (not paid *housekeepers* who receive a definite salary), may be entered as *Housewife, Housework,* or *At home,* and children, not gainfully employed, as *At school* or *At home.* Care should be taken to report specifically the occupations of persons engaged in domestic service for wages as *Servant, Cook, Housemaid,* etc. If the occupation has been changed or given up on account of the DISEASE CAUSING DEATH, state occupation at beginning of illness. If retired from business, that fact may be indicated thus: *Farmer (retired 6 yrs.)* For persons who have no occupation whatever, write *None.*

Statement of cause of death.—Name, first, the DISEASE CAUSING DEATH (the primary affection with respect to time and causation) using always the same accepted term for the same disease. Examples: *Cerebrospinal fever* (the only definite synonym is "Epidemic cerebrospinal meningitis"); *Diphtheria* (avoid use of "Croup"); *Typhoid fever* (never report "Typhoid pneumonia"); *Lobor pneumonia; Bronchopneumonia* ("Pneumonia," unqualified, is indefinite); *Tuberculosis of lungs, meninges, peritonaeum, etc., Carcinoma, Sarcoma,* etc., of .....(name origin; "Cancer" is less definite; avoid use of "Tumor" for malignant neoplasms); *Measles; Whooping Cough; Chronic valvular heart disease; Chronic interstitial nephritis,* etc.

The contributory, (secondary or intercurrent) affection need not be stated unless important. Example *Measles* (disease causing death), 29*ds.; Bronchopneumonia* (secondary), 10 *ds.* Never report mere symptoms or terminal conditions, such as "Asthenia," "Anaemia," (merely symptomatic), "Atrophy," "Collapse," "Coma, "Convulsions," "Debility," ("Congenital," "Senile," etc.), "Dropsy," "Exhaustion," "Heart failure," "Hemorrhage," "Inanition," "Marasmus," "Old age," "Shock," "Uraemia," "Weakness," etc., when a definite disease can be ascertained as the cause. Always qualify all diseases resulting from childbirth or miscarriage, as "PUERPERAL *septicaemia,*" PUERPERAL *peritonitis,*" etc. State cause for which surgical operation was undertaken. For VIOLENT DEATHS state MEANS OF INJURY and qualify as ACCIDENTAL, SUICIDAL, OR HOMICIDAL or as *probably* such, if impossible to determine definitely. Examples: *Accidental drowning: Struck by railway train—accident; Revolver wound of head—homicide; Poisoned by carbolic acid—probably suicide.* The nature of the injury, as fracture of skull, and consequences (e. g., *sepsis tetanus*) may be stated under the head of "Contributory."

NOTE.—Certificates will be returned for additional information which give any of the following diseases, without explanation, as the sole cause of death: Abortion, cellulitis, childbirth, convulsions, hemorrhage, gangrene, gastritis, erysipelas, meningitis, miscarriage, necrosis, peritonitis, phlebitis. pyaemia, septicaemia, tetanus.
