EXECUTIVE JOURNAL 1

DATES: 1900 - 1901

ARRANGEMENT: CHRONOLOGICAL BY DATE OF ENTRY.

NOTE

EXECUTIVE JOURNAL 1

1900 - 1901

PAGES 1 - 4 OF THIS JOURNAL (JANUARY 31 - FEBRUARY 2, 1900)
ARE ENTRIES OF THE GOVERNORSHIP OF WILLIAM GOEBEL.

Frankfort, Ky., February 2, 1900

Goebel Governor and J. C. W. Beckham, Lieutenant Governor of the Commonwealth of Kentucky.

Claude Desha
Chief Clerk of the Senate
Edw. C. Leigh
Chief Clerk of the House of Representatives

Whereupon the said William Goebel and J. C. W. Beckham appeared before Hon J. H. Hazelrigg Chief Justice of the Court of Appeals of Kentucky, and again took the oath required by the Constitution.

February 3, 1900

Governor William Goebel died this day at 6:45 o'clock p. m. from the effects of a shot fired by an assassin from the window of the Executive Building on the 30th day of January 1900, while then Senator Goebel was walking along the public thoroughfare to his place in the Senate Chamber

Lieutenant-Governor J. C. W. Beckham, by virtue of his office, assumed the duties of Governor, taking the oath as such before Judge J. C. Cantrill

The Governor this day issued the following proclamation:

Frankfort, Ky. Executive Office - To the people of the Commonwealth of Kentucky - It is with the profoundest sorrow I announce to the people of this Commonwealth that the work of the assassin has ended in the death of Governor William Goebel and that under the Constitution and the Law, upon notice of this deplorable event, I have qualified and assumed the duties of Chief Executive of the State.

Frankfort, Ky., February 3, 1900

In William Goebel Kentucky has lost one of her greatest and noblest sons. His high character for courage, manliness and honesty in defense of the rights of the people led to his destruction, and while yet in the vigor of his manhood he has become a martyr to their cause.

I enter upon the discharge of the duties of this high office surrounded by conditions and circumstances which would tax the wisdom of men far stronger than I. Knowing well the trying difficulties that are ahead of me, and the dangers which surround me, have already compassed the destruction of civil government in the Capital of the State, I hereby solemnly warn and command that all violent characters and Militia of the State, now in possession of this city and the public buildings, do immediately disband, lay down their arms and return to their homes and occupations. Feeling most deeply the responsibilities and difficulties of the situation, I invoke the aid and support of all law-abiding and law-respecting Christian people of this Commonwealth; and I promise in a legal way, if within the power of man, to restore peace, quiet and protection to all individuals regardless of party or station under the Constitution, which I have so solemnly sworn to obey.

Given under my hand at the City of Frankfort this the 3rd day of February A.D. 1900

J. C. W. Beckham, Governor.

The Governor this day issued the following Executive Order:

(1) Daniel R. Collier, Adjutant General, and J. K. Dixon, Assistant-Adjutant General, are hereby removed from office, to take effect immediately.

(2) Referring to the Executive Proclamation of the 31st ult., all members of the Kentucky State Guard ordered on duty in the City of Frankfort by my predecessor are relieved from duty, to take effect immediately, and are instructed this day to return to their respective posts.

J. C. W. Beckham, Governor

Frankfort, Ky. February 3. 1900

The Governor this day appointed and commissioned John B. Castleman Adjutant General of Kentucky with the rank of Brigadier General

The Governor this day appointed and Commissioned Harry McKay aide-de-camp on his staff with the rank of Colonel.

February 10. 1900

The Governor this day sent the following message to the General Assembly:

Commonwealth of Kentucky, Executive office, Louisville, Ky. February 10, 1900- Gentlemen of the General Assembly: I desire to inform you as to the result of the attempt to settle the present unfortunate state of affairs in the Commonwealth by means of an agreement adopted by a Conference of representatives of both parties in this city last Monday night. We earnestly hoped that by this agreement the difficulties before us would be removed, and that peace and order would again be established in this State. We have been ready at all times that this matter should be settled in conformity with that agreement. But information has just reached me that the Republican claimant to the office of Governor has refused to sign that agreement and consequently all negotiations in that line are now at an end. We have been led to believe that the gentlemen who now Controls by armed forces the State Departments at Frankfort would abide by this agreement and that your body would again be permitted to meet in their respective halls peaceably and unmolested; but having been disappointed in this hope I desire to recommend to you that you Continue your sessions for the present in the City of Louisville where every protection can be given your members from any unlawful arrest or other unwarranted interference with your Proceedings. The Capitol buildings at Frankfort are now in possession of armed forces openly in defiance of law held there by those who have no legal right to do so and for that reason I could not guarantee to you that safety and protection which you would need if in session there.

Louisville, Ky., February 10, 1900

As the legally elected Governor of the Commonwealth of Kentucky, I promise you to use every lawful means in my power to restore as soon as possible order and peace at the State Capital that as soon as you may deem it advisable you may adjourn your meeting to that place

Asking your assistance and cooperation to bring about this result; I send this message to you as a recommendation for your action at present.

J. C. W. Beckham, Governor.

February 14, 1900.

The Governor this day rendered the following veto:

"Having had under consideration an act to amend an act entitled "an act for the government of cities of the cities of the first class," Approved July 1, 1893, being Senate Bill 118 and received by me March 13, 1900, I am compelled for the following reasons to disapprove said act. This bill relates to the Police Recorder for the city of Louisville. Under the present law that official is appointed by the four circuit judges of Jefferson County, and so far there seems to have been no complaint, whatever, with that manner of appointment or with the management and conduct of the office. This act proposes to take the power of appointment out of the hands of the four judges composing the circuit court of

Frankfort Ky March 21, 1900

Jefferson County Court and place it in the hands of the Judge of the Criminal division of that County. The present system seeming to be satisfactory there appears to be no reason for the proposed change, and I am advised by the Hon Judge of the Criminal division of that Court, himself, into whose hands it is proposed to place this appointment, that the Act is unwise, unnecessary and would be a mistake. He advises me that the present law is eminently satisfactory and that there is no reason now to make any change.

Furthermore, the Act seems to be in violation of Section 51 of the Constitution. Said Section reads as follows: "No law enacted by the General Assembly shall relate to more than one subject, and that shall be expressed in the title, and no law shall be revised, amended, or the provisions thereof extended or conferred by reference to its title, only, but so much thereof as is revised, amended, extended or conferred, shall be re-enacted and published at length." The Act reads: "That Sec. 150 of the Act entitled "An Act for the government of cities of the first class, or so much thereof as relates to Bond Recorder, be and the same is hereby amended by striking out the whole Section as relates to Bond Recorder and inserting in lieu thereof" and so on. The Act fails to set out so much of the present law as is revised or amended and therefore seems to be in direct conflict with the aforesaid provision of the Constitution. Therefore, for the above reasons believing the Act unwise and believing that the present system has been satisfactory, I disapprove this bill.

The Governor this day issued the following executive order.

A petition having been presented to me by the civil officers of Franklin County, on this day asking that I as Governor of the Commonwealth of Kentucky give them military aid in order to preserve peace, secure the rights and lives of certain in Franklin county jail as well as the rights and lives of the citizens of Franklin county. I

Frankfort Ky March 23, 1900

therefore order into active Service one hundred men and officers of the Second Regiment Kentucky State Guards, and direct that said detail shall report to the Sheriff of Franklin County at such time and under such provisions as shall be set forth in orders issued from the Adjutant Generals office

J. C. W. Beckham, Governor

The Governor this day made the following veto:

I have carefully examined House Bill No 40 being an act concerning the payment by the State of its proportion of Cost of Certain public improvements, received by me March 13, 1900, and I believe that there are good reasons why said bill should not become a law.

"The act provides, "That when any public way or other public improvements in any city in this Commonwealth, is ordered or directed by the ordinance of a general council or other local authorities of such city to be constructed, which according to the provisions of the act for the government of the class of cities to which such cities belong, may be lawfully constructed at the cost of the owners of the lots of ground adjacent to such improvement or within the taxable limits therefor defined as provided for in such act, and any such lot shall within such taxable limits is owned by the State of Kentucky or is held in trust for the public use of the state. The proportionate part of the cost of making such public way or other public improvements shall be proportioned against the real estate of the State in like manner as against other lots of ground within such taxable limits, etc."

I believe that such a law as this would subject the State to many possible injustices. It gives the right to any city where a State institution is located to rate taxes upon the State for certain public improvements without the State having any voice in the matter. In all such places it would be possible for cities to have streets built and improved around the States property without any limitation upon the cost of such work. The various cities where these institutions are located have been put there at the earnest request and assistance of such cities. I believe that it would be unjust upon the State, which has been at great cost in establishing and maintaining these institutions to be put to the expense of paying for the streets around them. Considering therefore that this bill would work an injustice upon the State, being as it is framed in its application, I disapprove it.
