The Governor this day issued the following Proclamation:

Commonwealth of Kentucky,
Executive Department.

To the General Assembly:

Under Section 80 of the Constitution of Kentucky, I, as Governor of the Commonwealth, Call you to meet in extraordinary session at twelve O'clock noon Wednesday, March 14, 1906, for the consideration of the following subjects, to-wit:

To levy such a tax as you may deem advisable upon any Corporation, Association, Company, Copartnership or individual engaged in the business or occupation of Compounding, Rectifying, adulterating or blending distilled Spirits, Bourbon and designated as sundry stamp spirits.

I regret the necessity of this Call, but my reasons for it are so apparent to every member of the General Assembly that it is hardly necessary to explain. You have just passed through a long and bitter contest over the passage of a revenue bill, and in the struggle the great mass of the people, whose servants we are, have not received the ~~ac~~ relief to which they are justly entitled. In the revenue bill you have just passed in your regular session this one question has been the stumbling block and has well nigh defeated all sensible and reasonable fiscal legislation. A powerful interest, present with its astute and capable representatives, has been able for a week or more to block all legislation upon the important question of your revenue affairs, and as Chief Executive I give you this opportunity to determine whether or not this industry shall bear its just proportion of the burdens of taxation. It is the most prosperous industry in Kentucky, earning the largest profits upon its investment of any other business enterprise and certainly able with ease to bear the measure of reasonable taxation originally placed upon it by your Committees. And yet its power has been so great that the whole system of our revenues, the Condition of the State Treasury, and the welfare of

Frankfort, Ky., March 12, 1906.

the Commonwealth have been threatened by its opposition to the recent revenue bill.

You are also to consider the powers and authority of your Revenue Agents, whose proper duties are to investigate and proceed against those who have not fairly given in an assessment of their property. This power has been seriously impaired by the provision of the bill recently passed.

You are therefore assembled in extra session to consider these two questions, and if it should appear advisable during your deliberations to investigate any matters affecting such consideration, your authority may be enlarged by an amended Call.

Very respectfully
J. C. W. Beckham,
Governor.

The Governor this day declined to Approve House Bill No. 368 and ordered the following reasons spread upon the Executive Journal:

The purpose of this Act is worthy and beneficial. It gives to cities of the fifth class the right, which is enjoyed by cities of other classes, to exempt from Municipal taxation for a period of five years any manufacturing enterprise. There can be no reasonable objection to such a law under the provision of our Constitution. But in doing so this Act wrongfully repeals Section 3639 of the Kentucky Statutes, and in effect repeals that part of the so-called

Frankfort, Ky., March 21, 1906.

County Unit bill, approved March 14, 1906, which affects cities of the fifth class, and undoubtedly takes cities of this class out of the provisions of this Act. Sub-section four of Section 3639, Kentucky Statutes, re-enacted by this bill, reads as follows:

"4. Licenses fees and taxes on stock, franchises, trades, occupations and professions -- liquor licenses. To impose and collect license fees and taxes on stock used for breeding purposes, and on all franchises, trades, occupations and professions; but the license for the sale of spirituous, vinous or malt liquors shall not be less than two hundred and fifty nor more than One thousand dollars; and no license shall be issued or granted in any city when the sale of such liquors is now forbidden by law, until such law be changed: Provided, That in any town of the fifth class, in which the question as to whether spirituous, vinous or malt liquors might or should be sold, has been since September first, One thousand eight hundred and ninety-two, or shall hereafter be submitted to the voters thereof, and the majority of the votes cast thereon were or shall be in favor of the sale of such liquors, therein, then the city Council of such city shall have no right, power, privilege or discretion to refuse to grant license to sell such liquors therein until another election is held therein, as provided by general laws, and a majority of the voters of said city have voted against the sale of such liquors; May impose penalties for the violation of the conditions of said license; may provide for the annulment or suspension of the license privilege for violation of the conditions of terms of the license, or of the ordinances governing the same. No license to any person or for any business shall be granted for a longer time than one year. The issuing of the different licenses under this Chapter shall be under the exclusive control of the city Council, who may refuse to grant license, in its discretion, except

Frankfort, Ky., March 21, 1906.

as herein provided".

The above clearly provides that in any election under a general law in a fifth class city, on the question of local option, the municipal Council is compelled to issue licenses for the sale of spirituous, vinous or malt liquors if a majority of the voters of that city have voted in favor of it, regardless of how the County as a whole may have voted on that proposition. Such was not the intention of the recent act passed by a large majority in each House of the General Assembly. There evident intention was to place cities of this class with the provision of the County Unit, and I believe that an approval of this bill would take them out. I have not the slightest doubt that such was not the intention of the author of the bill or of any member of the General Assembly. It is plain that which was purely a matter of oversight, the effect of which was not foreseen, and I, therefor, regret that a measure otherwise of such just and good results cannot meet with Executive approval. The County Unit question, especially so for as it concerned cities of this class, was so thoroughly discussed by this General Assembly and so positively decided by it that I feel it would be a mistake for me to consent to an unintentional defeat of its will by approving this bill. I must, therfor, decline to approve it:

Governor.

House Resolution No. 20. Resolution providing for a Commission to revise the laws governing the public printing, and depicting them to report to the next session of the General Assembly and providing for their Compensation.

The Governor this day declined to approve Senate Bill No. 85 and ordered the following reasons spread upon the Executive Journal:

While the provisions of this act seems to be to prevent fraud in Real Estate transactions, I am of the opinion that it would have the opposite effect and open up a broad field of trouble in such cases. It would give the purchaser of land, who ought to exercise discretion and care in such a transaction, a greater opportunity for fraud than the Vendor now has.

I consider that the remedy for any such fraudulent transaction is sufficient under the present law. I must, therefor, decline to approve the bill.

J. C. W. Beckham,
Governor.

H.B. No. 365. An Act relating to fees.

H.B. No. 216. An Act dividing the State into one hundred Representative Districts.

H.B. No. 149. An Act to amend Section twenty six hundred and twenty seven of the Kentucky Statutes, it being a portion of Chapter eighty five of the Kentucky Statutes, entitled "Medicine and Surgery."

The Governor this day declined to approve the following Bills and Resolutions and ordered the reasons therefor spread upon the Executive Journal:

H.B. 122. "An Act to amend Section one thousand nine hundred and thirty three, Kentucky Statute, Concerning proclamations of Governor of rewards for fugitive from justice."

There is no reason whatever for this act. The present law on the subject is sufficient to answer the purpose intended, and the bill would mean in many cases an absolutely unnecessary expense upon the State. The only reason for the publication of a reward is to aid in securing the arrest of a fugitive from justice, and whenever a judge makes the formal request for it, his opinion about the publication is followed. The bill is useless, expensive, and unwise. It is therefor disapproved.

J. C. W. Beckham
Governor

Frankfort. Ky. March 23. 1906.

House Resolution No. 21. "Resolution authorizing a revision and recommendations of Insurance laws of Kentucky and authorizing the appoint of a Commission therefor."

Upon this resolution the Insurance Department has furnished me the following expression of its opinion.

"Comments on House Resolution No. 21

"Authorizing a revision of laws, appointment of Commission of seven &c whose expenses shall be paid &c

"1st. A great deal more depends upon the enactment of laws in the State of New York and in other States in which the great Life Insurance Companies are located, than an enactment of restrictive Statutes in Kentucky at this time—so far as Life insurance is concerned.

"Under our present laws the Insurance Commissioner has full power to protect the people of the State from fraudulent Companies by refusing license or by revoking license.

"2d. The Commissioner is now a member of a Committee to consider proper legislation and report to meeting of the Insurance Commissioners in September next.

"3rd. The expenses of such a Commission would seem to be a useless and unnecessary drain on the Insurance Fund, and would likely result in lessening considerably the amount of surplus which is annually turned over to the State Revenue.

"4th Two years hence the situation will be very much better; and proper ammendments can be suggested to the Legislature, without the expense or the complications which would be likely to arise from having such a Commission.

"5th It may well be, that when the Legislature next meets there will be very little need for restrictive legislation beyond that required to put the laws of this State in harmony with those of other States in which are located the greatest number of companies doing business in this State."

For these reasons I disapprove this resolution.
