was represented by one ——— who gave us to believe and believe to witnesses for the Commonwealth, that in a large measure was the cause of the verdict of guilty, and, while we believe Jerome Flanders was technically guilty, we were convinced that it was through the influence of his said attorney that the oath complained of was taken and he was induced to make the said oath. We sincerely believe that this unfortunate colored man should be pardoned and that it was a case for clemency."

After a careful consideration of the record and upon the above petition of the jurors who are personally conversant with all of the facts and circumstances surrounding this case, I have concluded to grant their petition.

The Governor this day granted a full and free pardon to S. V. Sewell, convicted at the June Term, 1917, Muhlenberg Circuit Court, of the crime of detaining a Woman against her will, and sentenced to confinement in the Penitentiary for a term of two years. And in accordance with the provisions of the Constitution reports of record the following reasons for his action: viz:-

It appears that the defendant, S. V. Sewell, was convicted of having detained one Grace Hall against her will.

The prosecuting witness swears that about the first of October the defendant made unpleasant proposals to her and attempted to detain her against her will; that particularly standing this attempted forcible detainer and the alleged indecent conduct, she continued to converse with him for sometime afterwards and made no complaint when her mother and step-father passed by and invited her to accompany them home. This alleged wrong was committed according to the statement of this witness, on a traveled highway, in an open place and in view of houses along the road.

The prosecuting witness claims never to have entertained this indecent and forcible effort to detain her until the following March and didn't after Sewell had abducted another woman during the intervening months she continually kept company with this man, although she stated he had on several occasions requested her improper purposes, which she did not accept or even mention to her mother, or any other member of her family. She claims that this matter was finally discussed by her in a conversation with a lawyer with whom she conferred for the purpose of bringing suit for damages against Sewell.

Sewell had therefore borne a most exemplary reputation. The entire tenor of his life is inconsistent with this highly improbable story told by this persecuting witness.

There were no other witnesses to the transaction. I am thoroughly convinced that he should never have been incarcerated upon such evidence.

This pardon is requested by W. M. Wyatt, Clerk of the Circuit Court, John A. Rose, Chas. L. Seal, Rep. J. S. Watson, Sam Brandt, Richard Brooks, and Rep. W. A. Adams, all of whom heard the proofs and make affidavits as to the correctness of the statements above.
